SERVICES REPLACED AND LEAVE

Fort St. George, July 18, 1927.

No. 100.—The services of Mr. V. Narahari Rao, an officer of the Indian Audit and Accounts Service, on special duty in the Finance Department of this Government, in connection with the preparation of the Madras Financial Codes, are replaced at the disposal of the Auditor-General with effect from the 18th July 1927.

2. Mr. V. Narahari Rao proceeds on leave on average pay for eight months from the above date.

NOTIFICATIONS.

Fort St. George, July 8, 1927
(G.O. No. 479, Finance).

No. 101.—The Accountant-General in his Audit and Appropriation Accounts for 1925-26, has brought to notice that payments for work done were withheld for want of additional appropriation in certain districts while, as a matter of fact, there was a saving in the total appropriation for the whole Presidency. He has remarked that this is opposed to the principle that inevitable payments should not be postponed and that a want of appropriation should not operate to prevent the payment of sums really due by Government.

The Public Accounts Committee has recommended that the attention of the controlling authorities should again be drawn to the principle that inevitable payments must not be postponed.

All heads of departments are requested to see that the above principle is strictly adhered to.

Fort St. George, July 21, 1927.

No. 102.—The following telegram, dated the 20th July 1927, from the Controller of the Currency, Calcutta, to the Accountant-General, Madras, is published.—

Rate of exchange applicable to I.C.S., etc., funds during August 1927 eighteen pence per rupee. No exchange compensation allowance is admissible on salary paid during that month.

No. 109.—The following notifications of the Government of India are republished :—

FINANCE DEPARTMENT (CENTRAL REVENUES).

CUSTOMS.

Simla, the 2nd July 1927.

No. 50.—In exercise of the power conferred by section 23 of the Sea Customs Act, 1878 (VIII of 1878), the Governor-General in Council is pleased to exempt from the import duty leviable thereon under the Indian Tariff Act, 1894 (VIII of 1894), goods not produced or manufactured in British India, which are private personal property and which prior to their import into British India have been exported therefrom :

Provided that the Collector of Customs is satisfied—

(1) as to the identity of the goods ;

(2) that no drawback of duty was paid on their export ;

(3) that the ownership of the goods has not changed between the time of export and re-import, or if it has changed that it has remained in the family of the exporter ;

(4) that the goods are being imported for personal use and not for sale ; and

(5) that not more than three years have elapsed since the goods were exported ;

Provided further that duty is paid on the cost of any alterations, renovations, additions or repairs executed subsequently to their export.

No. 52.—In exercise of the powers conferred by section 188 of the Sea Customs Act, 1878 (VIII of 1878), and in supersession of all previous notifications on the subject that are in force in the port of Bombay or in any Customs port in Sind, the Madras Presidency, the Bengal Presidency or Burma, the Governor-General in Council is pleased to empower the Collectors of Customs at Bombay, Karachi, Madras, Calcutta and Rangoon to hear appeals from decisions and orders passed by Officers of Customs respectively subordinate to them ; provided that if between the date of the order or decision and the date of the hearing of the appeal, the officer who passed the order or decision has been promoted to be the Collector of Customs by whom the appeal would otherwise be heard, the appeal shall lie to the Central Board of Revenue.

CENTRAL BOARD OF REVENUE

CUSTOMS.

Simla, the 2nd July 1927.

No. 53.—In exercise of the powers conferred by section 9, clause (*a*) of the Sea Customs Act, 1878, as subsequently amended and in supersession of the Burma Government Notification No. 63, dated the 4th June 1923, Commissioner of Customs, Bombay, Notification No. C. R. 408, dated the 31st May 1918, Commissioner in Sind's Notification No. 713, dated the 10th August 1920, and the Government of Bengal Notification No. 50 T.S.R., dated the 27th May 1922, the Central Board of Revenue makes the following rule relating to goods imported into the ports of Madras and Rangoon or into any Customs port in the Presidencies of Bombay and Bengal.

Save in the presence of an officer of Customs, no person, except with the previous permission of the Customs Collector, shall open within the limits of any public landing place any dutiable package imported into the said ports.

CUSTOMS ESTABLISHMENTS.

Simla, the 2nd July 1927.

No. 62.—M.R.Ry. B. Abraham Avargal, Inspector, third grade, Mangalore Customs Circle, has been permitted to cancel the unexpired portion of the leave granted to him in the Board's Notification No. 59 (Customs Establishments), dated the 30th April 1927, and to rejoin duty at the Mangalore Customs Circle on the forenoon of the 15th June 1927, reverting M.R.Ry. H. Vittal Rao, officiating Inspector, fourth grade, Mangalore Customs Circle, to his substantive appointment as Assistant Inspector.

2. M.R.Ry. M. Srinivasa Rao Avargal, officiating Inspector, fourth grade, Cochin Customs Circle, *vice* Mr. B. D. Court, Inspector, second grade, on leave, has been appointed as officiating Inspector, fourth grade, Dhanushkodi Customs Circle, *vice* Mr. B. St. J. Bendy, Inspector, Dhanushkodi Customs Circle, on leave, reverting Mr. F. P. G. Lee, officiating Inspector, fourth grade, Dhanushkodi Customs Circle, to his substantive appointment as Assistant Inspector. To join Dhanushkodi on relief at Cochin by Mr. Court on the afternoon of the 8th June 1927.

3. The posting of M.R.Ry. M. Srinivasa Rao Avargal as officiating Inspector, fourth grade, Mangalore Customs Circle, sanctioned in the Board's Notification No. 59 (Customs Establishments), dated the 30th April 1927, is cancelled.

INCOME-TAX.

Simla, the 2nd July 1927.

No. 28.—In exercise of the powers conferred by Section 60 of the Indian Income-tax Act, 1922 (XI of 1922), the Governor-General in Council is pleased to direct that the following amendment shall be made in the schedule annexed to the Notification of the Government of India in the Finance Department (Central Revenues), No. 25-Income-tax, dated the 1st July 1926, namely :—

After entry 24 in the said schedule, the following entry shall be inserted, namely :—

" *Punjab*

G. T. BOAG,
Secretary to Government.

CENTRAL BOARD OF REVENUE.

CUSTOMS.

Simla, the 9th July 1927.

No. 57.—In exercise of the powers conferred by section 58 of the Sea Customs Act, 1878 (VIII of 1878), and in supersession of all notifications on the subject previously in force in any of the Customs ports in the Presidencies of Madras and Bombay the Central Board of Revenue makes the following rules for granting special passes to break bulk in the said ports :—

A special pass may be granted on—

(1) Application in writing on a paper stamped with the proper court-fee stamp, and such application may be received before the arrival of the vessel for which the pass is required.

(2) In the case of steamers and square-rigged vessels discharging in a dock, the goods in respect of which a special pass has been obtained shall be deposited in a separate shed or portion of a shed ; and in the case of such vessels discharging in the stream the said goods shall be stacked on the wharf in such manner as the Customs Officer on duty may direct in order to prevent their being mixed with other goods. In neither case shall the goods be removed from the places of deposit until manifest and bills of entry have been put in.

(3) (a) In the ports of the Bombay Presidency (excluding Sind) a special pass shall be granted to native craft only when they are employed in bringing from Customs ports chunam, sand, stones for building purposes, green grass, poultry, fresh fruit, vegetables, or other market produce.

(b) To such vessels a special pass may be granted to be in force for one month. But before any goods are discharged notice of intention to discharge them shall be given to the Customs Officer on duty at the wharf where they are to be discharged. If the vessel arrives in ballast or with passengers only the pass must be produced to the Preventive Officer, at the wharf for endorsement before the vessel leaves.

FINANCE DEPARTMENT (CENTRAL REVENUES).

Customs.

Simla, the 9th July 1927.

No. 53.—In exercise of the power conferred by section 23 of the Sea Customs Act, 1878 (VIII of 1878), the Governor-General in Council is pleased to exempt from the import duty leviable thereon under the Indian Tariff Act, 1894 (VIII of 1894), goods imported by or on behalf of a consular officer of any foreign State which grants a corresponding exemption to goods imported by or on behalf of a consular officer of His Britannic Majesty into that State :

Provided that the exemption hereby conferred shall extend only to goods of a character to which the said corresponding exemption extends and, if the said exemption is subject to conditions, shall be subject to the like conditions.

No. 58.—In exercise of the power conferred by section 23 of the Sea Customs Act, 1878 (VIII of 1878), the Governor General in Council is pleased to exempt from the import duty leviable thereon under the Indian Tariff Act, 1894 (VIII of 1894), such goods imported by or on behalf of an American Trade Commissioner in British India as would have been exempted therefrom under this department's Notification No. 58-Customs, dated the 9th July 1927, if they had been imported by or on behalf of an American Consular Officer.

Simla, the 28th June 1927.

No. 240-C.S.R./27.—The following resolution by the Secretary of State for India in Council is published for general information :—

In exercise of the powers conferred by section 96-B. of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 24th day of May 1927, hereby makes the following amendments to the Civil Service Regulations, namely :—

1. In Article 349-A. of the said Regulations, in the item "Railway Department" the word "Engineering" shall be substituted for the word "Engineer".

2. After Article 349-A. of the said Regulations the following shall be inserted, namely :—

"349-B. Notwithstanding anything contained in Article 349-A. the rules in this Part, subject to the exception noted below, do not apply to officers of the Indian Railway Service of Engineers, or the Provincial Engineering Service, State Railways, who joined their appointments on or after the 17th September 1925.

"*Exception.*—(a) The undermentioned officers who joined their appointments in the Indian Railway Service of Engineers after the 17th September 1925 are subject to the rules in this Part to the same extent as other officers appointed to the Service before that date :—

(i) Mr. R. C. Harvey

(ii) Mr. Q. F. Rahman.

"(b) Officers in pensionable service who were or may be promoted to the Indian Railway Service of Engineers or the Provincial Engineering Service, State Railways, on or after the 17th September 1925 retain their pensionary privileges after promotion."

3. For Article 635 of the said Regulations the following shall be substituted, namely :—

"635. The rules in this section apply to all officers of the classes described in classes (a) to (e) of Article 627, with the exception, save as provided below, of officers of the Indian Railway Service of Engineers and of the Provincial Engineering Service, State Railways, who joined their appointments on or after the 17th September 1925.

NOTE.—(1) The rules in this section apply to Mr. J. H. C. Kaily, of the Indo-European Telegraph Department, and to Mr. T. Ryan, of the Indian Audit and Accounts Service. They apply also to Messrs. R. C. Harvey and Q. F. Rahman, of the Indian Railway Service of Engineers, who joined their appointments after the 17th September 1925, and to officers in pensionable service who were or may be promoted to the Indian Railway Service of Engineers or Provincial Engineering Service, State Railways, on or after the 17th September 1925.)

"(2) (Except as provided in this Article the rules in Article 643 apply to all classes of officers in pensionable service of the Public Works Railway and Telegraph Departments.)

"(3) (Officers of the Indian Telegraph Department who may be transferred to the Indo-European Telegraph Department retain the pensionary privileges of their own branch of the Department.)"

And the said Regulations shall have effect, and be deemed always to have had effect, as though they had been so amended on the 17th September 1925.

E. C. WOOD,
Deputy Secretary to Government.

[*Subject*—Abolition of the sterling branch of the Indian Civil Service Provident Fund.]

I have the honour to refer you to Government of India Finance Department No. F 42-1/F.E 26, dated 13th June 1927, communicating a resolution

of the Secretary of State making certain amendments to the Indian Civil Service Provident Fund Rules which were published on page 1033 of the *Fort St. George Gazette*, Part I, dated 12th July 1927. The sterling branch of the Indian Civil Service Provident Fund has been abolished from 17th May 1927 and subscriptions to the fund calculated on sterling overseas pay payable in England converted into rupees at the current rate of exchange notified in the Gazette about the 20th of each month should consequently in future be deducted from pay bills drawn in India and credited to the fund in rupees here. I have the honour to request therefore that necessary deductions be caused to be made from the pay bills of Indian Civil Service officers in your district for July 1927, and onwards.

J. C. NIXON,
Accountant-General.

(Ecclesiastical).

8. In clause 12—

(a) for sub-clause (c) (i) the following sub-clause shall be substituted, namely—

"(c) *Hire of cranes*.—(i) Charges against masters, owners or Agents of vessels in respect of cranes requisitioned and supplied for the loading and unloading of vessels shall be as under—

Day—(6 a.m. to 6 p.m.) at Rs. 1 per hour per crane requisitioned for by each applicant and supplied, subject to a minimum of Rs. 8 per crane.

Night.—(6 p.m. to 6 a.m.) at Rs. 2-8-0 per hour per crane requisitioned for by each applicant and supplied, subject to a minimum of Rs 7-8-0 per crane.

N.B.—(i) Cranes required for night work shall be hired only from 6 p.m.

(ii) Requisitions for cranes for the night or for the following day shall be submitted in duplicates on the prescribed form, signed by the Chief Officer of the vessel making the requisition and submitted to the Wharf Superintendent not later than 4 p.m. on week days and 1 p.m. on Saturdays.

(iii) Cranes shall be supplied only, if available, on the condition that the applicant accepts liability for damage caused through the infringement of any of these rules, and the Trust shall not be liable for any breakdown or damage while so working for a vessel.

(iv) The Trust's cranes shall not be used for breaking cargo.

(v) A load greater than its marked lifting capacity shall not be put on the crane.

(vi) If cancelling orders are not received before 6 p.m. on week days and 2 p.m. on Saturdays, charges for full period applied for and for the full number of cranes ordered shall be levied.

(vii) When cranes are required for longer periods than requisitioned for, a fresh requisition shall be submitted at least one hour before the expiration of the period mentioned in the original requisition.

(b) Sub-clause (c) (ii) shall be omitted and sub-clause (c) (iii) shall be renumbered as sub-clause (c) (ii), and to sub-clause (c) (ii) as renumbered the following shall be added as sub-clause (c) (iii)

9. In clause 13—

(a) in sub-clause (a) (i) after the words 'sheds' and 'warehouses' the words 'or plots of land' and after the word 'warehouse' wherever it occurs the words "or plot of land' shall be inserted.

(b) Sub-clause (b) shall be renumbered as sub-clause (b) (i) and in that sub-clause as renumbered

(i) for the heading the following shall be substituted, namely :—

"Hire of Port Trust wagons and locomotives," and

(ii) at the end the following shall be inserted :—

"No charge shall be made for Port Trust wagons supplied to the Trust's Chief Engineer. The charge for the hire of a locomotive shall be Rs. 25 from 6 p.m. to midnight and Rs. 50 from 6 p.m. to 6 a.m."

(c) to the same sub-clause as renumbered the following sub-clause shall be added, namely—

(ii) *Haulage of Port Trust wagons*.—Haulage charges shall not be recovered on Port Trust wagons used for transferring 'road goods' to the Goods shed.

(d) in sub-clause (c) after the words 'road goods' in the penultimate sentence the words 'and all goods booked under R.M.C. notes' shall be inserted and after the sub-clause (i) the following sub clause shall be inserted, namely—

"(j) *Harbour terminal charges on goods inward to Madras Harbour and returned to Railways*.—Harbour terminal charges at 4 pies per maund, per trip, in and out, will be recovered on consignments missent by railways to the harbour and returned. Rejected rail-borne goods shall not be liable to terminal charges."

10. For clause 14 the following clause shall be substituted, namely :—

"14 *Rail-ed goods not shipped*.—All goods, other than those consigned to the Trust, entering the harbour premises by rail, whether shipped or not, shall be liable for harbour dues and other charges. But in the case of goods received by rail and stored in a warehouse leased to a shipper, harbour dues and other charges shall be leviable only when shipment is effected. In the case of railway owned coal transhipped in the harbour, terminal charges alone shall be levied."

11. In clause 15—

(a) for the first sentence the following shall be substituted, namely :—

"In the case of goods originally manifested for transhipment and transhipped from ship to ship, whether directly or via the shore, an all-round

rate of rupee one per ton of 20 cwts 50 c.ft. or 216 gallons as declared by the Steamer Agents, shall be levied on account of harbour dues on all general cargo (excluding coal and oil fuel) other than those on which the rates of harbour dues are fixed 'per each' in the scale, such goods being charged at quarter of the scheduled harbour dues. Double the above rates shall be levied, if the goods are subsequently manifested for transhipment," and

(*b*) For the penultimate sentence the following shall be substituted, namely :—

"The harbour dues leviable in such cases shall be a quarter of the scheduled rate laid down in Part II of the scale, calculated on the weight shown in the in-coming railway invoice and terminal charges shall be leviable both ways. When these goods are handled by the Trust, porterage charges as per clause 5 of the scale shall be levied."

12. For clause 17 the following shall be substituted, namely :—

"17. *Overtime working*.—(a) *Scale of overtime fees*.—Steamer agents or others who require business to be done outside the Trust's ordinary working hours shall apply to the Traffic Manager in writing, not later than 3 p.m. on the same day, stating the name of the vessel, the period, nature of cargo and the sections where the work is to be done. Applications received after this time shall not ordinarily be considered. But in the case of Sundays and holidays, the application for overtime work should reach the Traffic Manager by 3 p.m. on week days and by 1 p.m. on Saturdays. The fees for overtime work shall be as under :—

	For vessel, inclusive of all points worked, Rs.
(i) Sundays and holidays—Full day—(6 a.m. to 6 p.m.)	50
(ii) Sundays and holidays—Half day—(6 a.m. to noon or noon to 6 p.m.).	25
(iii) Night work—General cargo—per hour	10

In the case of coal, landed or shipped, half the above rates shall be charged.

N B.—(i) The minimum period for which overtime work shall be applied for shall be 3 hours in the case of night work, and 2 hours in the case of holidays.

(ii) The above fees shall be leviable for landing, shipment or both, done by a vessel at all the sections or points, whether with Trust's or outside labour.

(iii) Night work shall be allowed for periods commencing from 6 p.m. only.

(iv) Overtime, as per above scale, shall be charged for the loading and unloading of wagons, other than Port Trust wagons, at warehouses after 6 p.m.

(*b*) *Exceptions*.—Overtime fees shall not be charged in the undermoted instances :—

(i) If applications for night work are cancelled by 4 p.m. of the same day and by 4 p.m. on the previous working day for work on Sundays and holidays,

(ii) If a gate is kept open for admitting cargo for shipment to a vessel that has applied to work.

(iii) If a gate is kept open for the passage of goods to and from spaces or sheds leased to merchants under clause 16.

(iv) If a tanker pumps oil to an installation.

(v) If wagons are loaded or unloaded on Sundays and holidays and if the sections are kept open on commercial holidays in the case of railway traffic.

(vi) If deliveries are allowed to importers on holidays.

(vii) If a steamer agent works the cargo of a vessel and if a shipper also works for the same vessel, no charge shall be made against the shipper ; but overtime fees as per above scale shall be paid for admittance of cargoes for shipment to a vessel not applied for work.

(c) *Penalties*.—(i) If cancelling orders are submitted to the Traffic Manager after the time-limits mentioned in exception (i) above, three hours' overtime fees shall be levied in the case of night work and six hours in the case of day work as a penalty for each vessel.

(ii) In the absence of the receipt of cancelling orders in writing for each vessel, overtime fees for the full period applied for shall be charged as per scale given above.

13. For sub clause (x) of clause 18 the following sub-clause shall be substituted, namely :

"18. *Dues how leviable*.—(a) (1) *Basis of assessment*.—Harbour dues, cranage, quay dues, removal fees, special porterage, transit dues and penalty charges shall, in accordance with the weight, measurement or liquid measure, prescribed in the classification against each description of goods, be levied on the gross tonnage of each package, as noted in the invoice or other shipping documents subject to a test check by the Trust. In the absence of these documents, the tonnage arrived at by actual test-check shall be taken. Dues on coal and coke ores and *oils in bulk* shall be levied on the manifested tonnage of the vessel's cargo. For the purpose of the scale of rates, 375 gallons of kerosene oil, 300 gallons of petrol or benzine, 250 *gallons of lubricating oil* and 240 gallons of liquid fuel in bulk shall be considered as equivalent to one ton, but in the case of other liquids on which the rate of harbour dues is fixed in the scale per 54 gallons, one ton shall be considered as equivalent to 216 gallons.

(2) *Recovery of Harbour dues, etc*.—Harbour dues and other Trust's charges shall be recovered on

(i) all export cargo whether it is shipped or having been brought into the harbour premises is taken out again without having been shipped,

(ii) sweepings collected on board a vessel and landed at this port,

(iii) goods abandoned,

(iv) the manifested description of packages whether they are landed empty or partly empty.

(3) *Exceptions*.—Harbour dues shall not be charged on

(i) goods intended for shipment but left in the Trust's premises,

(ii) goods imported by coil and sent out again *either* by rail *or by road* which have been stored in a warehouse,

(iii) consignments of fodder accompanying livestock and not manifested as cargo,

(iv) manifested coal retained on board for bunkers,

(v) sweepings collected from the Trust's premises,

(vi) goods belonging to the oil installations passing through the harbour in railway wagons without being unloaded,

(vii) survey rejections,

(viii) rail-borne goods transit to the harbour or rejected by the consignees (goods under this item are not liable for wharfage charges also),

(ix) cargo not manifested for transhipment, but merely transferred from one hatch to another of the same vessel or landed and reshipped to the same vessel (goods under this item are not liable also for quay dues but only for such services as are rendered),

(x) *goods consigned to the Trust by sea*."

14. In line 1 of sub-clause (*b*) of clause 23 after the word "charges" the words "and special porterage charge" shall be inserted.

15. In clause 28

(*a*) for sub-clause (*b*) the following sub-clause shall be substituted, namely,

"(*b*) *Refunds of dues on oils in bulk*.—Refunds of dues on account of shortage of oils in bulk shall

be based on the amended manifest, in the case of oils from coast ports or according to the dip, as advised by the Collector of Customs, in the case of oils on which Customs duty is leviable."

(b) for sub-clause (e) the following sub-clause shall be substituted, namely,

"(e) *Refunds of dues on coal, coke, ores and other goods in bulk.*—Refunds of dues on account of the shortage of coal, coke, ores and other goods in bulk shall be based on the amended manifest."

16. In clause 39 the letter and bracket "(a)" after the figures "29" and sub-clause (b) shall be omitted.

17. For clause 30 the following clause shall be substituted, namely:—

"30. *Quay dues.*—(1) *General.*—Quay dues cover cranage at the time of landing or shipment on all imports or exports up to one ton per package by weight, measurement or liquid measure, as described in the classification in Part II of the scale, excepting the articles printed in italics in Part II of the scale of rates.

In the case of the excepted articles referred to above, if imported into or shipped from the harbour, cranage charges as per clause 12 (a) shall be recovered on such goods, if cranes are used, in addition to quay dues. In the case of the excepted articles over one ton each landed over a quay, either directly or by lighters from a vessel at the same quay, quay dues shall be recovered at 8 annas per ton in addition to cranage.

For all goods over one ton by weight or measurement, other than timber and iron and steel, the cranage charges shall be as laid down in clause 12 (a) of the scale. Timber and iron and steel over one ton by weight or measurement, if landed over a quay, shall pay cranage as laid down in clause 12 (a) of the scale; but if landed elsewhere than over a quay, i.e., at the timber and iron yard, respectively, the 4 annas per ton cranage rate shall be charged.

(2) *Exceptions.*—Quay dues shall not be recoverable by the Trust in the following cases:—

(i) Coal and oil fuel for bunkers.

(ii) Coal and coke in bulk discharged from or shipped to a vessel at moorings or at a point other than the quay at which a vessel is lying.

(iii) Bulk oil, whether discharged from or shipped to a vessel at a quay or at moorings.

(iv) Unmanifested ships' stores, fittings, dunnage, sand for ballast and provision for the use of ships.

(v) Personal effects accompanying passengers.

(vi) Seamen's effects.

(vii) Items on which the rates of harbour dues quoted in the scale are "per each", including circus and theatrical outfits.

(viii) Cargo transhipped from vessel to vessel direct without coming ashore.

(ix) Explosives and bulk oil discharged outside the harbour.

(x) Timber measuring less than 8 cubic feet per piece, landed, shipped or transhipped at the timber yard from or to a steamer or sailing vessel lying at a quay or at moorings.

(xi) Goods over one ton, by weight or measurement, per package, landed by a vessel at moorings or at places other than the quay at which a vessel is lying.

(xii) Cargo not manifested for transhipment, but merely transferred from one hatch to another of the same vessel or landed and reshipped to the same vessel.

(xiii) Government stores (the all-round rate for Government stores covers quay dues.)

(xiv) Goods brought into the harbour by rail or road and delivered locally.

(3) *Scale of quay dues.*—Excluding the articles referred to in (2) above and such cargo on which a consolidated landing charge—cranage, quay dues and porterage—is levied, quay dues shall be recoverable by the Trust direct from the importers and exporters in the following cases:—

The following resolution of the Government of India is republished :—

RAILWAY DEPARTMENT.

RAILWAY BOARD.

Simla, the 6th July 1927.

No. 4048-E.—With reference to the Government of India, Railway Department (Railway Board), Resolution No. 2858-E., dated the 15th July 1926, promulgating rules for recruitment to the Superior Railway Services, the Government of India have, in consultation with the Public Service Commission, revised the regulations for recruitment in India to—

(a) the Indian Railway Service of Engineers ;

(b) the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishments of State Railways

The annexures to this resolution contain the rules which will in future govern recruitment to and training for the above service.

ANNEXURE A.

Regulations for the recruitment in India for the Indian Railway Service of Engineers

PART I.—*General*

1. The permanent establishment of the Indian Railway Service of Engineers is recruited from the following sources :—

(1) Officers of Royal Engineers.

(2) Persons of non-Asiatic domicile appointed by the Secretary of State by selection from the United Kingdom

(3) Persons of Indian domicile appointed by the Government of India after competitive examinations held in India

(4) Promotion of specially qualified officers of the Provincial Engineering Service and Engineering subordinates.

(5) Occasional admission of other qualified persons.

2. Selected candidates only will be permitted to appear at the competitive examinations, referred to in rule 1 (3). Regulations prescribing the qualifications of candidates and the method of selection and the rules for the examination are detailed in Part II of these regulations

3. Of the total number of vacancies in a year, to be filled in India by direct recruitment, under rule 1 (3), two thirds will be filled on the results of the competitive examination in the direct order of merit, provided that number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, as far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such vacancies, among the one-third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, may be filled in the direct order of merit in which the candidates passed the examination.

NOTE.—Certain appointments in the Indian Railway Service of Engineers were formerly guaranteed to the students of some of the Engineering Colleges. The guarantee has for the future been withdrawn, but to protect the interests of the students who were in the Colleges, when the changes were introduced, the guarantee system will be continued until 1929. The number of vacancies in the Indian Railway Service of Engineers to be recruited in under these regulations will up to that year be reduced by the number of appointments guaranteed

4. From the list, prepared by the Public Service Commission, of competitors, who have in the opinion of the Commission attained the qualifying standard, (*vide* Rule 22 of Part II of these regulations), candidates to the number of vacancies to be filled under Rule 3 (3), will be selected for appointment from this list, in the manner laid down in Rule 3, provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not ; in the former case, the candidate next in order of merit, and in other respects duly qualified shall be deemed to be the selected candidate.

NOTE.—If a candidate having been nominated by the local Selection Committee (see Part II of the regulations) as a candidate for both the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, is a selected candidate for both, he shall be treated as a selected candidate for that service or department only for which he expressed a preference at the time of his application.

5. (a) Candidates selected for appointment under Rules 3 and 4 will be appointed as probationers on an agreement for three years in the first instance and will during the period of their probation draw an allowance of Rs. 300 per mensem in the first year, Rs. 350 in the second year and Rs. 400 in the third year of service, subject to satisfactory reports on their work being received at the end of each year of probation. All the men appointed will, during the period of their probation, be required to undergo practical training of one year on a State Railway, including six months in a Railway Workshop and a further six months on construction or survey, as indicated in Appendix I.

(b) At the conclusion of the probationary period all probationers who are favourably reported on will be required to undergo a final practical examination, which will include tests in levelling,

surveying, practical design and setting out of work, the manufactures and use of materials, analysis of rates, drawing and estimating, and will, if successful, be confirmed in the Indian Railway Service of Engineers on pay of Rs. 475. On confirmation their agreement will be continued subject to their service being terminable on six months' notice on either side.

6. Probationers will be required to pass a riding test within two years of appointment.

7. Probationers will be required to pass a language examination in *Urdu* by the Preliminary Standard modified to suit the requirements of the Railways, before they can be confirmed or granted any increment, beyond the first, during the period of probation. Probationers whose vernacular is *Urdu* may be exempted from passing the language examination. Failure to pass the examination within the probationary period involves liability to removal from service.

8. Officers (including probationers) of the Indian Railway Service of Engineers, recruited under these regulations, will not be entitled to pension on quitting the service, but will be eligible throughout their service for the benefits of the State Railway Provident Fund, to which they will be required to subscribe, and by the rules of which Fund they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix IV.

9. Pay will commence from the date of joining service. Service for increments will also count from the same date. Particulars as to pay are contained in Appendix III.

10. Leave Rules applicable to State Railway officers are under revision. Officers recruited under these regulations will, pending the revision of the rules, be entitled to leave under the existing rules, but the revised rules will apply to them when they are brought into force.

11. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other Railway. But the Government of India reserve the right to transfer such officers, in the exigencies of service, to any other Railway or project in or out of India.

12. Officers recruited for the Indian Railway Service of Engineers in the United Kingdom by the Secretary of State must, as one of the qualifications for their appointment, have undergone at least one full year's practical training before selection, while the officers recruited in India will obtain that training after appointment. In the circumstances officers recruited in the United Kingdom will be given one year's seniority over those recruited in India.

13. The Government of India reserve the right of assigning to the H.E. officers recruited for the Indian Railway Service of Engineers, under the rules laid down by the Secretary of State, and to officers promoted from the subordinate ranks, positions in the seniority list at their discretion.

PART II.—*Qualifications of candidates, method of preliminary selection and rules of examination.*

1. A competitive examination for admission to the Indian Railway Service of Engineers shall be held in India at such time and place as the Governor-General in Council may direct.

2. (1) A candidate shall apply to be admitted to the examination before such date and in such form as the Governor-General in Council may direct. The application shall be made to the authority of the area in which his parents reside at the time of his application or have previously resided for a period of not less than 3 years or in which he has himself resided, otherwise than as a student at a University only for a like period.

(2) The application shall be made, if based on residence in a Governor's province, to the Chief Secretary of that province, if based on residence in Coorg, the North-West Frontier Province, Delhi, Ajmer-Merwara, or British Baluchistan, to the Chief Commissioner concerned and if based on residence in a State in India to the Political Officer or Agent through the Darbar.

(3) No candidate shall make more than one application in any year.

Provided that a candidate for the Indian Railway Service of Engineers may also apply for permission to appear at the examination for the Transportation (Traffic) and Commercial Departments.

3. A candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India, or (*iii*) a ruler or a subject of a State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act.

4. A candidate must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August in the year in which he is selected for admission to the competitive examination.*

5. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of his duties as a member of the Railway Services.

6. A candidate must satisfy the Public Service Commission that his character is such as to qualify him for employment in the Railway Services.

7. A candidate must—

(*i*) hold the Engineering Certificate of the Thomason Civil Engineering College, Roorkee; or

(*ii*) have passed the Associate Membership Examination of the Institution of Engineers, (India); or

(*iii*) have passed one of the examinations of an Indian University, mentioned in Appendix V, which are accepted by the Institution of Engineers (India) as exempting from the Associate Membership Examination; or

(*iv*) have obtained an Engineering degree of one of the Universities mentioned in Appendix VI under the conditions prescribed in that appendix; or

(*v*) have passed Sections A and B of the Associate Membership Examination of the Institution of Civil Engineers; or

(*vi*) have passed the Associateship examination of the City and Guilds Institute (Imperial College of Science and Technology, South Kensington) in Civil Engineering; or

(*vii*) have passed any of the examinations enumerated in Appendix VII; or

(*viii*) have passed the Associate examination of the Bengal Engineering College in Mechanical Engineering.

8. Not more than 10 candidates will be allowed to complete at the examination for each vacancy.

9. The percentage of candidates to be drawn from each of the areas specified in the following table shall not exceed the number shown against it. The

*NOTE.—These age limits apply whether or not the candidate is already in Government service.

percentage is hereinafter referred to as the "provincial quota".*

Assam	3
Bengal (including Sikkim)	15
Bihar and Orissa	10
Bombay (including Hyderabad, Baroda and the States in the Western India States Agency)	13
Burma	5
The Central Provinces (including Gwalior and the Central India States)	7
Madras (including Coorg, Mysore, Travancore, Cochin and the States of the Madras Agency)	17
The Punjab (including the Delhi Province, Kashmir, and the States of the Punjab Agency)	11
The United Provinces (including Ajmer-Merwara and the Rajputana States) ..	16
The North-West Frontier Province and Baluchistan	2

The provincial quota worked out according to the above proportion will be rounded off to the nearest whole number, fractions of half and over being taken as one and smaller fractions ignored, provided that the provincial quota shall in no case be less than one.

10. The local Government of the Governor's province which coincides with, or is included in, each of the areas mentioned in rule 9, or the Chief Commissioner of the North-West Frontier Province, as the case may be, shall appoint a selection committee. Every selection committee shall contain at least one non-official member and one officer nominated by the Railway Board. The Public Service Commission may, if they think it desirable, nominate one of their members to sit on any selection committee. In constituting selection committees arrangements shall be made for the due representation of Administrations or States in India included in each Area from which there may be candidates.

11. In making their selection the selection committee shall exclude any candidate whom they regard as unsuitable by reason of personality, character, physique or otherwise for the Railway services, and also any candidate with regard to whom they are satisfied that he will not qualify in the written examination. A list of the candidates recommended by the selection committee and their application forms shall be sent to the Public Service Commission through the local Government who will make such observations as they may desire.

12. Each candidate on the list shall, subject to his satisfying the Public Service Commission that his character is such as to qualify him for employment in the Railway Services, be furnished by the Public Service Commission with a certificate of admission to the examination; no candidate shall be admitted to the examination who does not possess this certificate.

13. *No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for selection.*

14. A candidate who has been selected by the Selection Committee will be required to undergo examination by a Medical Board before being admitted to the examination.

*Candidates selected for the examinations both for the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments will count against the provincial quota for each examination.

15. Candidates must pay the following fees for each examination :—

(i) Rs. 5 with the application form,

(ii) Rs. 15 before examination by a Medical Board, and

(iii) If selected for admission to the examination, Rs. 80 within three weeks after the notification of selection.

No claims for a refund of these fees will be entertained.*

16. The examination will include the following subjects each of which will carry the number of marks shown against it :—

(a) *Compulsory.*

	Marks.
(1) English (including Essay and Precis Writing)	100
(2) General knowledge	100
(3) Applied Mathematics	100
(4) Applied Mechanics (including strength of Materials and Theory of Structures) ..	100
(5) *Viva Voce*	100

(b) *Optional.*

Not more than two of the following subjects —

	Marks.
(1) Physics (including Electricity and Magnetism)	100
(2) Chemistry and Metallurgy ..	100
(3) Prime Movers	100
(4) Hydraulics and Hydraulic machines	100
(5) Construction	100
(i) Building materials, (ii) Design of structures, (iii) General principles governing the design of Railways, roads, harbours and other works.	
(6) Surveying	100
(7) Sanitary Engineering and Water Supply	100

17. In subjects which are common to the examinations both for the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments the same papers will be set.

18. The standard and syllabus of the examinations shall be such as the Public Service Commission shall prescribe and the Commission shall, if they think it desirable, determine what shall be the qualifying mark in all or any of the subjects of examination.

19. From the marks assigned to candidates in each subject such deduction will be made as the Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

20. If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.

21. Credit will be given for good English including orderly, effective and exact expression combined with due economy of words in all subjects of the examination and not only in subjects which are specially devoted to English.

22. A list of the competitors shall be made out in order of merit as disclosed by the aggregate marks finally awarded to each competitor.

*NOTE.—If under regulation 2 a candidate applies for permission to appear at the examinations both for the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, the fee of Rs. 5 will be payable for each application. If he is permitted to appear at both examinations he will be required to pay the fee of Rs. 40 for each examination.

APPENDICES.

APPENDIX I.

Course of training prescribed for probationers of the Indian Railway Service of Engineers.

LENGTH OF COURSE—ONE YEAR.

(1) Six months in a Railway Workshop of which six weeks should be in a Signal Shop.

(2) The next six months on Construction or Survey.

NOTE 1.—Probationers will be required to undergo a short course of training in Transportation at a Railway Training college or school within this period.

NOTE 2.—The courses of the training specified above are liable to be altered from time to time as circumstances requires or experience indicates.

APPENDIX II.

Provident Fund and Gratuities.

The following is a summary of the rules relating to Provident Fund and Gratuities applicable to officers appointed to the Indian Railway Service of Engineers.

Provident Fund.—The State Railway Provident Fund is established on the following basis.

(i) Every officer is required to subscribe to the Provident Fund at a uniform monthly rate of one-twelfth of emoluments, to which is added half yearly a bonus at the rate of 100 per cent. of an officer's subscriptions for the half year.

(ii) Compound interest at the rate of 4½ per cent. per annum is allowed on the officer's subscription and bonus. This rate is subject to reconsideration, should the rate at which the Government of India borrow undergo modification, six months' notice being given to members before any alteration is made.

(iii) The sum which thus accumulates to the credit of an officer is paid to him on quitting the service; or in the event of his death before retirement, to his legal representatives.

Gratuities.—Officers of Indian State Railways are also eligible on retirement, at the discretion of the Railway Board, for gratuities for good, efficient, faithful and continuous service, on the following conditions:—

(a) Completion of 30 years' service, or
(b) Attainment of the age of 55 years, or
(c) Retirement on account of permanent incapacity due to bodily or mental infirmity, or
(d) Abolition of appointment due to a reduction of establishment, if other suitable employment cannot be found for the officer.

The amount of gratuity admissible is as follows:—

(a) For service not exceeding 18 years, half a month's pay for each year of service, subject to a maximum of six months' pay;
(b) For service in excess of 18 years, two months' pay *plus* half a month's pay for each year after the eighteenth, subject to a maximum of 12 months' pay or Rs. 25,000 whichever is less.

In case of an officer's death while in service, the gratuity is paid to his widow or children dependent on him.

APPENDIX III.

Particulars as to pay of officers of Indian domicile of the Indian Railway Service of Engineers.

1. The various ranks of the department are at present as follows:—

Executive Engineers and Assistant Executive Engineers.

Year of service	Junior scale	Pay. Senior scale.

Administrative Officers.

	Rs.
Deputy Chief Engineers, N.W., E.I. and E.B. Railways.	1,950
Deputy Chief Engineers, G.I.P. Railway	1,750—100—2,150
Chief Engineers	2,750—125—3,000

2. The increments will be given for approved service only, and in accordance with rules of the department.

3. Pay will be drawn according to the junior scale, except when an officer is holding a charge which is declared to carry the senior scale of pay. No officer will, however, draw more than the pay of the tenth year of service on the junior scale, unless the Agent is satisfied that he is fit to hold a charge carrying the senior scale of pay.

4. Pay on the senior scale will be drawn by officers holding charges which have been declared to carry the senior scale of pay. No officer on the senior scale of pay will draw more than the pay of the 17th year of service, unless the Railway Board are satisfied that he is fit for further promotion.

5. Promotions to the administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection; mere seniority is considered to confer no claim for promotion.

6. Officers of the Indian Railway Service of Engineers are also eligible for appointment to the administrative posts in the Transportation Department, as also in the Agency and the Divisions.

APPENDIX IV.

Syllabus of the Examination for the Indian Railway Service of Engineers.

In the compulsory subjects
(a) (3), (a) (4) and in the optional subjects.
(a) (3)—*Applied Mathematics.*

Statics.—Vectors. Notion of force. Gravitational or Engineer's unit of force. Various kinds of forces. Friction. Composition and resolution of concurrent forces. Moments. Parallel forces and centres of gravity. Couples. Conditions of equilibrium of non-concurrent coplanar forces. Funicular polygon.

Kinematics.—Units of space and time. Rectilinear motion; motion of a projectile; angular motion; relative motion; simple harmonic motion.

Kinetics.—Newton's Laws. Absolute system of units. Linear momentum. Impact of elastic bodies. Impulse and impulsive forces. Angular momentum; moments of inertia and radii of gyration; impulsive torque. Centrifugal forces. Conical pendulum. Motion of the centre of mass. Cant on railway curves and banking of road-tracks. Hoop stress and stresses in the rim of a fly-wheel.

Work, power, kinetic and potential energy. Principle of energy. Kinetic energy due to rotation. Work done by a couple. Principle of Virtual work. Simple machines, mechanical advantage, and velocity ratios. Stable and unstable equilibrium. Deflection in a framed structure. Oscillations. Simple and Compound pendulum. Units and dimensions.

Hydrostatics.—Fluid pressure, its transmission, and measurement; density; specific gravity, metric system of units; resultant pressure; centre of pressure; equilibrium of floating bodies; metacentre. Laws of Boyle and Charles. Mixture of gases. Nature and action of simple hydraulic machines.

(c) (4)—*Applied Mechanics.*

(a) *Buildings.*

Consideration of materials used in the construction of roof trusses. Steel and timber. Determination of stresses in trusses by various methods. Dead loads and wind pressures. Factors of safety and working stresses.

Design of roof trusses. Various types of roof-trusses and roof coverings; collar beam and hammer beam trusses.

Use of Euler's, Gordon's, Rankine's, Fidler's, Johnson's and straight line formulæ in the design of struts. Buckling factor of struts; curves showing comparative strength of struts obtained by various formulæ. Choice of size of sections. Finish of steel work. Joints. Design of end-bearings; methods of fixing and supporting ends.

Application of circle and ellipse of stress and Clapeyron's theorem to design of structures.

Cast Iron and Steel Columns.—Flange and web connections in steel columns; caps; bases; transverse bracing of columns.

Foundations.—Safe pressure; foundations for columns. Slab foundations; cantilever foundations; grillage foundations. Wells. Piles.

Retaining Walls and Earth pressures.—Rankine's theory, Wedge theory, Winkler's, and Bligh's graphical constructions, with corrections. Design of various types of retaining walls in masonry.

Full Masonry and Steel Chimneys.—Theory and design.

Design of steel and masonry reservoirs; with considerations of wind pressures.

Deflection of framed structures and determination of stresses, etc., in redundant frames.

Influence diagrams for bending moment and shear for uniformally distributed and irregular loads on trusses, built-in beams, and three-pinned, parabolic, semi-elliptic and semi-circular arches.

General principles of dome design.

Principles of Building Design; consideration of loads on buildings. Steel-work, girders, etc., for buildings.

(b) *Bridges.*

Design of superstructure. Determination by graphical and analytical methods of bending moment due to moving loads. Wind-pressures.

Design of masonry bridges and culverts.

Plate web girders. Analysis of stresses.

Warren and lattice girders.

Three-pinned arches; doubly pinned and rigid arches.

General considerations on the design of suspension, cantilever, and tubular bridges.

Steel arched bridges.

Swing bridges.

(c) *Reinforced Concrete.*

Shear, bond, and diagonal tension; its nature, evaluation and location of reinforcement.

Design of simple and doubly reinforced beams, and continuous beams.

Theory and design of reinforced concrete columns and piles.

Design of slab foundations.

Design of simple cantilever and counterfort retaining walls.

Equivalent moments of inertia for reinforced concrete sections.

Theory of elastic deflections and outline of investigation of stresses in reinforced concrete arches.

(d) *General.*

Analysis of stress, analysis of strain, elastic limit and ultimate strength. Relation between the elastic constants. Lamé-Bandt-Weyrauch formula for working stresses in a structural member and determination of its cross-sectional area. Repetition of stresses. Bending moment and shearing force diagrams for dead loads. Graphical determination of stresses in frames; effect of wind pressure; method of sections. Stress in the cross section of a beam due to bending ($M/I = f/y = E/R$); compound and conjugated stresses, Rankine's theory of earth-pressure; depth of foundations and strength of footings. Grillage foundations; Coulomb's theory of earth-pressure; modification due to Rebhan.

Bending moment and shearing force diagrams for live loads. Analysis of uniform and uniformly varying stress. Elastic theory of bending of beams; bending and shear stresses in beams. Modulus of section and equivalent areas. Maximum and minimum stresses in a joint due to eccentric loading. Stresses in dams and chimneys. Stability of block-work structures. Design of riveted joints and stresses in boiler shells. Euler's theory concerning struts; modifications due to Rankine, Gordon and others. Torsion. Combined torsion and bending deflections. Encastre beams. Continuous beams and theorem of three moments. Elastic theory of arches. Masonry arches.

(4) (*f*) *Physics (including Electricity and Magnetism).*

Heat.—The methods of calorimetry and thermometry. Vapour-pressures, critical temperature and pressure. Conduction and diffusion of heat and the determination of constants. Radiation and absorption; laws of cooling. Theory of exchanges; methods of measuring radiation. Laws of thermodynamics; simple applications.

Light.—Velocity of light. Illumination; photometry. Achromatism in lens systems; direct vision spectroscope.

The wave theory; simple interference phenomena. Huygens' principle. Explanation of straight line propagation, reflexion, and refraction of light. Action of mirrors, lenses, etc., reviewed from this stand-point. Simple diffraction phenomena. Gratings and wave-length determination. Spectrum analysis; Doppler's principle. Double refraction and polarization of light; rotatory polarization; simple applications.

Magnetism.—Forces on a magnet in a magnetic field. Determination of axes and moment of magnet. Magnetic potential, level surfaces. Interaction of two short magnets; determination of field strength. Magnetic shell; its potential energy in magnetic field. Total normal induction, Gauss' theorem; number of lines of force. Magnetic induction in iron, etc. Theory of magnetism.

The magnetic field of the earth; the elements and their variations; the compass and its corrections.

Electricity.—Electric capacity; specific inductive capacity. Distribution of electricity on surface of conductors; images. Value of electric force in simple cases of distribution. The mechanical force on charged conductors; energy of electrified systems.

The dielectric medium; dielectric displacement currents.

Wheatstone's bridge; specific resistance, resistance thermometers. Conductivity of electrolytes; ionization; migration phenomena; accumulators. Standard cells; the potentiometer system of measurement. Thermo-electricity; application of thermo dynamics; thermo-electric diagrams. Electro-magnetic induction; coefficients of induction; induction coils. Energy of circuit carrying current when placed in a magnetic field; mechanical force on conductors carrying current; moving coil instruments. Lenz's law; illustration from dynamos and motors, etc. Determination of current resistance; E. M. F. in absolute measure. The discharge of a condenser; electric waves. Elementary theory of the electron.

The elementary theory of the continuous current dynamo and motor, and of the alternating current dynamo. General principles of the application of electricity to lighting, power-transmission, telegraphy, etc.

Sound.—The transmission of energy through material media by wave-motion; speed of propagation of waves of permanent type. Nature of musical sounds; pitch; scales. Reflection and refraction of sound; influence of wave-length. The vibration of strings, bars, plates and gas columns; resonance. Interference and diffraction phenomena. Analysis of sound. Measurement of wave-length, velocity and pitch.

(*b*) (2) *Chemistry and Metallurgy.*

(i) General Inorganic and Organic Chemistry, including chemical theory.

(ii) The chemistry of metals (omitting the rare metals) treated more fully and including the more elementary metallurgical processes.

The syllabuses are given below:—

(i) *Chemistry, Inorganic, including Chemical Theory.*—Methods of determining equivalent, atomic and molecular weights; the atomic theory valency; properties of gases; transition from gaseous to liquid state, vapour pressure and boiling point; osmotic pressure; theory of electrolytic dissociation; electrolysis; relation of chemical energy to electrical energy and to heat; law of mass action; catalysis; relation of physical properties to chemical constitution.

The descriptive portion will include the elements and their compounds studied from the standpoint of the periodic classification, omitting the rare metals.

The elements of Organic Chemistry.—The composition and relations of some of the typical carbon compounds; isomerism, polymerism; purification of organic substances, distillation; crystallization; criteria of purity; boiling point; melting point; methods of ultimate analysis of organic compounds; calculation of molecular weight from empirical formulæ, constitutional formulæ.

Methane; ethane; ethylene, acetylene; methyl-chloride, methylene dichloride, chloroform; bromoform; iodoform; carbon tetrachloride; methyl alcohol; ethyl alcohol; ether; formaldehyde; acetaldehyde; chloral; formic acid; acetic acid, butyric acid; stearic acid; esters; simple amines, oxalic acid; malonic acid; succinic acid; glycerol; the fats; lactic acid; tartaric acid, citric acid; the carbohydrates; starch; benzene; toluene; chlorobenzene; nitrobenzene; aniline; benzene sulphonic acid; diazobenzene; benzaldehyde; benzoic acid; benzyl alcohol.

(ii) A. Outlines of the main metallurgical processes of the following metals, their chief uses and tests:—

Sodium, Potassium, Copper, Silver, Magnesium, Calcium, Zinc, Nickel, Bismuth, Mercury, Aluminium, Tin, Lead, Antimony, Iron, Chromium, and Manganese.

B. General metallurgy of iron—Blast furnaces; grading of pig iron; manufacture of wrought iron; effect of carbon, silicon, coal, lime and phosphorus on cast iron; cement steel; shear steel; crucible steel; detailed consideration of effect of carbon, silicon, sulphur, phosphorus, nickel, manganese, chromium, tungsten, molybdenum and vanadium on steel; Bessemer Process; Open hearth process; Electrical furnaces for steel making.

C. Introduction to the study of Metallography. Solid solutions; Eutectics; Hardening; Annealing; Tempering; Alloys; Brasses; Bronzes. Welding of metals.

D. Electric Furnaces.

E. Electroplating.

F. Rusting and corrosion of metals.

G. Boiler water—Hardness of water; methods of softening.

(*b*) (3) *Prime Movers.*

Fuel, Gas Plants and Boilers—

(*a*) *Fuel*—Coal, wood, petroleum, gas, petrol, alcohol, etc.; physical characteristics; approximate chemical composition; heat of combustion.

(*b*) *Gas Plants.*—Gas-Producers; pressure and suction plants, arrangement and working.

(*c*) *Boilers*—Draught, natural, forced and induced. Ordinary forms of stationary, locomotive, marine, water-tube, and other types; heating surface, fire-grate area; boiler efficiency; superheaters; feed-water heaters; accessories and management.

Theory of Heat Engines—

(*a*) Thermodynamical principles; Carnot's cycle, perfect heat engine; second law.

(*b*) *Air Engines.*—Stirling and other forms.

(*c*) *Internal Combustion Engines.*—Gas, oil and petrol engines; engines with fluid pistons; types and working; features of cycles. Proportioning of mixtures; efficiencies.

(*d*) *Steam*—Thermodynamics of the generation, expansion, and condensation of steam; heat-diagrams, etc.

(*e*) Steam Engines and turbines, with special reference to modern developments.

(*f*) *Refrigerating Plant.*—Theory and general arrangement of the more common types.

(*g*) *Air Compressors.*—Theory of pneumatic working.

Generating Plants, Accessories and Details—

(*a*) General arrangement and construction of the more important types.

(*b*) Condensers, air-pumps, circulating pumps, cooling tanks, etc.

(*c*) Carburettors, and systems of ignition.

(*d*) Cylinders, pistons, cross-heads, guides, connecting rods, cranks, governors, fly-wheels, valves and valve gears, glands and pipes.

(*e*) *Engine-Testing.*—Consumption of steam and fuel, gas and oil; brakes and dynamometers; indicators and indicator diagrams.

(*b*) (4) *Hydraulics and Hydraulic Machines.*

Hydraulics.—Definitions relating to flow of water; stream line motion. Bernoulli's theorem. Venturimeter.

Flow of water through small and large orifices; drowned orifices; sudden enlargements and contractions in flow of water. Time of emptying tanks. Flood absorptive capacity of tanks.

Flow of water over notches and weirs.

Flow of water through pipes; hydraulic gradients; losses of head due to bends, contractions and sudden enlargements; losses of head through siphons. Impacts at bends and thrust-blocks.

Flow of water in open channels and in pipes; Chezy, Basin, Kutters, and other formulæ and their applications; cross sections of greatest efficiency.

Calculations of afflux and back-water curve.

Gauging the flow of water in open channels; water-meters.

Hydraulics and hydrostatics of weirs and other canal works.

Hydrokinetics; uniform and steady flow; streamline and turbulent motion. Bernoulli's theorem and its application.

Discharge through orifices and mouth pieces, and over notches and weirs. Variable heads. Laws of fluid friction. Head lost due to friction.

Hydraulic Machinery.—Impact of water on fixed and moving vanes. Turbines; impulse and reaction. Description of different types of turbines. Determination of vane-angles. Efficiencies of turbine plant. Governing.

Pumps.—Reciprocating, centrifugal and turbine.

(b) (5) *Construction.*

(i) *Building Materials.*

Stone.—Selection. Characteristics. Indian and European stones. Quarrying. Blasting. Dressing stone. Implements.

Bricks and Tiles.—Classes of bricks and their distinguishing qualities. Moulding. Drying and stacking. Brick-burning. Types of Kiln. Fire-bricks. Terra-cotta. Tile manufacture.

Cements, Limes and Mortars.—Use of mortar. Natural and artificial cements. Varieties of limes. Hydraulicity. Burning. Clamps. Kilns. Plaster. White-wash. Distempar. Concrete. Portland cement.

Timber.—Growth of trees. Felling trees. Classification and properties of Indian and other woods. Most suitable woods for particular purposes.

Stone Masonry.—Ashlar of various sorts. Block-in-course. Hand. Dressing stone. Rubble masonry. Safe loads. Lewis. Dowel. Joggle. Cramp. Template. Scaffolding. Shears. Derrick. Gyn. Gantry.

Brick Masonry.—Types and their uses. Bond. Closers. Bedding. Moistere scaffolding. Precautions against settlement. Racking back. Plastering. Pointing. Coping. Cornice. Blocking course. Parapet. Eaves course. Corbel. Lintel. Jamb. Reveal. Sill. Footing. Dep-course. Pisé walling. Dhanji walling. Hollow masonry. Reinforced brick-work.

(ii) *Design of Structures.*

Buildings.—Design of a residential bungalow; with special reference to selection of site, construction of walls, damp-proof courses, water supply, drainage and ventilation.

Fire-proof construction.

Reinforced brick-work design; beams, floors, etc.

Thomson's principles of similar structures as regards their strength, stability, deflections, etc.

Bridges.—Selection of site. Determination of discharge of river by consideration of area of water-shed, intensity of rainfall, and by sening. Waterway to be provided. Depth of scour.

Design of foundations. Box; strata; well; pile; continuous masonry; reinforced concrete slab. Piers, ordinary and abutment. Floors and curtain walls.

Reinforced Concrete.—Nature, uses, properties, advantages and disadvantages of Reinforced Concrete over other types of construction. Assumptions made in theory of stress in reinforced concrete beams.

Theory and design of simple beams, T-beams and slabs for different conditions of loading.

(iii) *General Principles governing the design of Railways, Roads, Harbours and other works.*

Roads.—Formation and permanent way. Types of roadways. Hill roads. Ruling gradients. Resistance of vehicles. Drainage. Tramways.

Railways.—Formation and permanent way. Gauges. Tractive force. Tunnelling. Light railways and mountain railways.

River Training Works.—Spurs. Groynes. Bell Bunds. Streamline Bunds. Mattresses. Aprons.

Miscellaneous.—Piles and pile-driving; sheet and screw piling. Diving operations, reclamations and dredging. Retaining walls. Depth of foundations. Counterforts and buttresses. Revetments. Construction and sinking of masonry wells. Simple masonry dams. Technical names of various parts.

(5) (6) *Surveying.*

Surveying.—Construction of Scales. Conventional signs. Use and adjustment of instruments. Theory of levelling; simple, compound, check and reciprocal levelling. Various causes of errors in levelling. Elimination of such errors. Customary limits for errors. Method of keeping various styles of field-books. Use of boning rods. Chain survey. Chain and compass survey.

Theodolite Traversing by Gale's traverse system for city and town improvement surveys. Source of errors and required precision in traversing. Traverse tables. Theory and use of the simple plane-table and tangent clinometer, with and without the magnetic compass. Theory and use of the stadia method of plane-tabling, with levelled heights and reductions of distances and heights by slide-rule. The three-point problem or plane-tabling by resection from within and without the triangle. Geometrical and trigonometrical proof of the three-point problem. The two-point problem with and without the magnetic compass. Triangulation with reciprocal value, heights of stations; base-line measurements. Finding values of position by observations to three known points. Computation by rectangular co-ordinates with convergency correction.

Contouring of the triangulated area by heights calculated from the reduced levels. Longitudinal and cross sections run with a level. The location on the map of a road, railway, canal or weir, etc. The general principles of tunnel alignment and of carrying surface meridians underground for mine-surveys. Discussion on the latest patterns of instruments.

Practical Astronomy.—Introduction to spherical trigonometry up to the solution of the spherical triangle, and the adaptation of Napier's rules of circular parts. Definitions; systems of celestial co-ordinates, the reasons for sidereal, sun and mean time; acceleration, retardation and equation of time. The Julian and Gregorian calendars; time and the various astronomical corrections.

Finding the meridian of a place by observations to the sun or a star at upper culmination, by equal altitudes, by the sun or stars not on the meridian, and by circumpolar stars at elongation; and finding time by the sun or stars on the meridian and ex-meridian; finding latitude by Polaris and circum-meridional observations. Use and construction of sundials.

Railway Curves and Alignments.—Theory of curves. Curves laid out with the aid of angular instruments; with one theodolite. Curves laid out by linear measurement only. By chords and offsets (several methods). By offsets inside the curve. Curve by ordinates from the long chord. Curve with certain given data to pass through a ruling point. Compound curves. Diversion curve. Vertical curves. Curve spiral or transition curve. Double centre

method for laying out a straight line. Setting out pegs for earth-work. Computation of areas of cross sections, etc.

(b) (1) Sanitary Engineering and Water Supply.

Water Supply. Source of Supply.—Springs; wells; rivers; lakes; choosing the supply.

Water works.—Intakes; settling tanks; filters; rates of filtration; various types of mechanical filtration.

Reservoirs.—Impounding, storage and service reservoirs; water-towers.

Pipes.—Rising mains; expansion joints; losses in head; valves, service-tanks; house-connections; meters; cisterns.

Pumping Installations.—General types of installations used in India.

Sanitary Engineering.—Water purification; natural waters, impurities present; methods employed for rendering natural waters potable; boiler-waters and softening agents; interpretation of analytical reports.

Sanitary laws; refuse removal and disposal; the chemistry of sewage; river pollution and its effects; sewerage systems; sewers, their construction and ventilation; traps; house drainage; purification of sewage; chemical precipitation and precipitants; liquefaction of sewage; sewage-oxidation; irrigation and trenching; sewage farms, septic tanks; contact beds; the combined system; details concerning tanks, filters and filtration; distributors, etc.

NOTE.—There will be no practical examination in any of the subjects.

APPENDIX V.

List of Examinations of Indian Universities which are accepted by the Institution of Engineers (India) as exempting from the Associate Membership examination.

Final examinations leading up to the following degrees:—

B.E. of Bombay University.

B.E. of Calcutta University (College of Engineering, Sibpur).

B.E. of Madras University.

B.Sc. (Engineering), Benares Hindu University.

APPENDIX VI.

List of University degrees which will be recognised for admission to the examination for the Indian Railway Service of Engineers. [*See Regulation* 7 (iv), *Part II.*]

Oxford.—B.A. with Honours, in the Engineering Science Final Honours School.

Cambridge.—B.A. with Honours, in Mechanical Science Tripos.

St Andrews.—B.Sc. in Engineering.

Glasgow.—B.Sc. in Engineering.

Edinburgh.—B.Sc. in Engineering.

Dublin.—B.A.I. (Ordinary or with Honours in Engineering)

Durham.—B.Sc. in Civil, Mechanical or Electrical Engineering, or in Naval Architecture (Honours or Ordinary degree).

London.—B.Sc. (Internal degree) in Engineering, ordinary or with Honours [not including the B.Sc. in Engineering (Mining) or the B.Sc. in Engineering (Metallurgy)]. The external degree is also accepted to the same extent, provided it is recognised by the Institution of Civil Engineers as exempting from Sections A and B of the A.M.I.C.E. examination.

Victoria University (Manchester).—B.Sc. in Engineering (Honours degree or ordinary degree from 1925 onwards), B.Sc. Technical in Mechanical or Electrical Engineering (Honours Division in the Final Examination).

Birmingham.—B.Sc. in Civil, Mechanical, Electrical Engineering (Honours or Ordinary degree).

Liverpool.—B. Engineering in Civil, Mechanical, Electrical or Marine Engineering or Naval Architecture (Honours or Ordinary degree).

Leeds.—B.Sc. in Civil, Mechanical, or Electrical Engineering (Honours or Ordinary degree).

Sheffield.—B Engineering in Civil, Mechanical or Electrical Engineering (Honours degree or Ordinary degree with a first class in the Final Examination)

Bristol.—B.Sc. in Civil or Mechanical Engineering (Honours or Ordinary degree).

University of Wales.—B.Sc. (in Civil, Mechanical or Electrical Engineering).

National University of Ireland.—B.E.

Queen's University, Belfast.—B.Sc. in Engineering.

NOTE.—The above degrees will be accepted only if taken after three years' study and the passing of the regular examinations in the several universities. The conditions as to three years' study will not, however apply to Indians, who, having taken an Indian degree, which exempts them from part of the University course, shall have taken one of the above degrees in less than three years in accordance with the regulations of the University concerned.

APPENDIX VII.

List of Examinations referred to in Regulation 7 (*viii*), *Part II.*

Associate Membership Examination of the Institution of Mechanical Engineers.

Associate Membership Examination of the Institution of Electrical Engineers.

B.Sc. Examination in "Civil" or "Mechanical" or "Electrical" Engineering (Honours or Ordinary degree).—McGill University (Montreal).

B.E. Examination in "Civil" or in "Mechanical and Electrical" Engineering.—Sydney University.

B.C.E., B. Mech. E. or B.E.E. Examination Melbourne University.

B.E. Examination in "Civil" or "Mechanical" or "Electrical" Engineering.—New Zealand University.

B.E. Examination in "Civil" or "Mechanical" or "Electrical" Engineering.—Adelaide University.

B.E. Examination in "Civil" or in "Mechanical and Electrical" Engineering.—Queensland University

B.E. Examination.—University of Western Australia.

B.Sc. Examination in Engineering (Until 1921.—University of South Africa.

B.Sc.—Examination in Engineering—Cape Town University.

B.Sc. Examination in 'Civil' or in 'Mechanical' and 'Electrical' Engineering.—University of Witwatersand.

Examination for Certificate in Technology, Mechanical or Electrical Engineering.—Manchester.

Examinations for Diploma in Engineering:—

City and Guilds (Engineering) College, Kensington, University College, London.

King's College, London.

Examination of the City and Guilds of London Institute Technical College, Finsbury, for Diploma or Higher Certificate (three years' courses), if taken by Matriculated students or students who have passed the Institute Studentship Examination or its recognised equivalent.

Final Diploma Examination in Mechanical or Electrical Engineering, of the Royal Technical College, Glasgow, provided an approved Matriculation Examination has been passed before beginning the course.

Naval Officers' Examination which qualifies as Lieutenant (E.).

Examination for Professional Certificate for Constructors.—Royal Naval College, Greenwich.

APPENDIX VIII.

Regulations for the Medical Examination of candidates for admission into the Indian Railway Service of Engineers.

1. To be passed as fit for an appointment as an officer of the Indian Railway Service of Engineers, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. In the matter of the correlation of age, height and chest-girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

NOTE.—The following table of correlation of age, height and chest-girth is to be used as a guide in the examination of candidates of European race :—

Physical Equivalents.

Age last birth-day.	Height without shoes.	Girth when fully expanded.	Chest range of expansion not less than
		inches.	inches
16	60 and under 62 inches	32½	2
	62 " 65 "	33½	2
	65 " 68 "	33½	2
	68 " 72 "	34	2
	72 and upwards	34½	2
17	61 and under 63 inches	33½	2
	63 " 65 "	34	2
	65 " 68 "	34½	2
	68 " 72 "	35	3
	72 and upwards	35½	3
18	62½ and under 64 inches	34½	2
	64 " 66 "	34½	2
	66 " 70 "	35	3
	70 " 73 "	35½	3
	73 and upwards	36	3
20	62½ and under 64 inches	34½	2
	64 " 66 "	34½	2
	66 " 70 "	35	3
	70 " 72 "	35½	3
	72 and upwards	36	3
21 and upwards.	62½ and under 64 inches	34½	2
	64 " 66 "	35	3
	66 " 70 "	35½	3
	70 " 72 "	36	3
	72 and upwards	36½	3

3. The candidate's height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

4. The Candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted around the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33–35, 34–36½, etc. In recording the measurements, fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eye sight will be tested in accordance with the following rules. The results of each test will be recorded.

(i) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any morbid conditions of the eyes, eyelids, or contiguous structures, of such a sort as to render, or to be likely at a future date to render, him unfit for service.

(ii) *Visual Acuity.*—The candidate will be examined, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision, and the examination will include two tests, one for distant and the other for near vision. Each eye will be examined separately. No candidate will be accepted whose Visual Acuity falls below the following standards:—

	The one eye.	The other eye.
Distant vision—		
without glasses	6/12	6/18
corrected with glasses ..	6/6	6/6
Manifest Hypermetropia ..	1·5	2·5
Near vision—		
with or without glasses ..	0·5	0·5

(iii) *Colour Perception.*—The candidate will be examined for colour knowledge with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception will be a cause for rejection of the candidate.

(iv) *Night Blindness.*—The candidate's Night Vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Advisory Committee of Medical Officers, to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 Vision with both eyes open, with or without glasses, will be rejected if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses, falls below 6/24.

(v) *Field of Vision.*—The fields of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect will be a cause for rejection of the candidate.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed :—

(a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear ;

(b) that his speech is without impediment ;

(c) that his teeth are in good order, and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered sound) ;

(d) that his chest well formed, and his chest expansion sufficient ; and that his heart and lungs are sound ; and that his blood pressure is within normal limits ;

(e) that there is no evidence of any abdominal disease ;

(*f*) that he is not ruptured;

(*g*) that he does not suffer from a severe degree of hydrocele, varicocele, varicose veins or piles;

(*h*) that his limbs, hands and feet are well formed and developed, and that there is free and perfect motion of all his joints;

(*i*) that he does not suffer from any inveterate skin disease;

(*j*) that there is no congenital malformation or defect;

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution; and

(*l*) that he bears marks of efficient vaccination.

When any defect is found it must be noted and the medical examiners should state their opinion as to whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

ANNEXURE TO APPENDIX VIII.

FORM OF DECLARATION AS TO HEALTH TO BE COMPLETED BY CANDIDATES FOR APPOINTMENT TO THE SUPERIOR GRADES OF SERVICE ON STATE RAILWAYS.

Statement by candidate for appointment as.....

.....

The candidate must make the statement required below prior to his medical examination, and must sign the Declaration appended thereto in the presence of the Medical Board.

1. State your name in full (in Block Letters) —

2. State place of birth .. .. ..

3. State your age and date of birth .. ..

4. Furnish the following particulars concerning your family :—

Father's age, if living, and state of health.	Father's age at death and cause of death.	Number of brothers living, their ages and state of health.	Number of brothers dead, their ages at, and cause of death.

Mother's age, if living, and state of health.	Mother's age at death, and cause of death.	Number of sisters living, their ages and state of health.	Number of sisters dead, their ages at, and cause of death.

5. Have any of your near relations suffered from tuberculosis (consumption, scrofula) cancer, asthma, fits, epilepsy, insanity or any other nervous disease?

6. Have you ever been out of India? Where, and for what period and how long since?

7. Have you ever served in the Navy, Army, Air Force, or in any Government Department?

8. Have you ever been examined (*a*) for Life Insurance or/and (*b*) by any Government Medical Officer or State Medical Board, Civil or Military? If so, state details, and with what result.

9. Have you ever—

(*a*) had smallpox, intermittent or any other fever, enlargement or suppuration of glands, spitting of blood, asthma, inflammation of lungs, pleurisy, heart disease, fainting attacks, rheumatism, appendicitis, epilepsy, insanity, or other nervous disease, discharge from or other disease of the ear, syphilis, gonorrhœa, or

(*b*) had any other disease or injury which required confinement to bed or medical or surgical treatment, or

(*c*) undergone any surgical operation, or

(*d*) suffered from any illness, wound or injury sustained while on active service with His Majesty's Forces during the war which began in 1914?

10. Have you rupture?

11. Have you varicocele, varicose veins or piles?

12. Is your vision in each eye good? (Candidates who wear spectacles are requested to bring the prescription for their glasses with them.)

13. Is your hearing in each ear good?

14. Have you any congenital or acquired malformation, defect or deformity?

15. When were you last vaccinated?

16. Is there any further matter concerning your health not covered by the above questions which should be communicated to the Medical Examiner(s)?

DECLARATION BY CANDIDATE,

To be signed in the presence of the Medical Examiner(s).

I declare all the foregoing answers to be, to the best of my belief, true and correct

I will fully reveal to the Medical Examiner(s) all circumstances within my knowledge that concern my health and fitness for the appointment for which I am a candidate.

I am fully aware that by wilfully suppressing any information I shall incur the risk of not obtaining the appointment, or of losing it if granted.

Candidate's signature.

Signed in presence of—

Member of Medical Board.

ANNEXURE B.

Regulations for recruitment in India for the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

PART I.—GENERAL.

1. The permanent establishment of the Transportation (Traffic) and Commercial departments of the Superior Revenue Establishment of State Railways is recruited from the following sources :—

(1) Officers of Royal Engineers.

(2) Persons of non-Asiatic domicile appointed by the Secretary of State by selection from the United Kingdom.

(3) Persons of Indian domicile appointed by the Government of India after competitive examinations held in India.

(4) Promotion of specially qualified officers of the Local Traffic Service and subordinates of the Transportation (Traffic) and Commercial departments.

(5) Occasional admission of other qualified persons.

2. Selected candidates only will be permitted to appear at the competitive examination, referred to in rule 1 (3). Regulations prescribing the qualifications of candidates and the method of selection and the rules for the examination are detailed in Part II of these regulations.

3. Of the total number of vacancies in a year, to be filled in India by direct recruitment under rule 1 (3),

two-thirds will be filled on the results of the competitive examination in the direct order of merit, provided that number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such vacancies, among the one third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, may be filled in the direct order of merit in which the candidates passed the examination.

4. From the list, prepared by the Public Service Commission, of competitors, who have in the opinion of the Commission attained the qualifying standard, (*vide* Rule 22 of Part II of these regulations), candidates, to the number of vacancies to be filled under Rule 1 (3), will be selected for appointment from this list, in the manner laid down in Rule 3, provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not, in the former case, the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be the selected candidate.

NOTE.—If a candidate, having been nominated by the local Selection Committee (see part II of the regulations) as a candidate for both the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, is a selected candidate for both, he shall be treated as a selected candidate for that service or department only for which he expressed a preference at the time of his application.

5. (*a*) Candidates selected for appointment under Rules 3 and 4 will be appointed as probationers on an agreement for three years in the first instance and will during the period of their probation draw an allowance of Rs. 300 per mensem in the first year, Rs. 350 in the second year and Rs 400 in the third year of service, subject to satisfactory reports on their work being received at the end of each year of probation. All the men appointed will, during the period of their probation be required to undergo training, which will comprise courses at the Railway School College of Transportation alternating with practical work on Railways. Full details of the course of training will be found in Appendix I.

NOTE.—The Government of India reserve the right to reduce, at their discretion, the period of training in the case of candidates who have had previous suitable training or experience either in the United Kingdom or India.

(*b*) At the conclusion of the course of training probationers will be required to undergo written and oral tests in the subjects in which they have been trained, and, if they are successful and well reported on, they will be confirmed in the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways, on pay of Rs. 450. On confirmation, their agreement will be continued subject to their service being terminable on six months' notice on either side.

6. Probationers will be required to pass a language examination in *Urdu* by the Preliminary Standard, modified to suit the requirements of the Railways, before they can be confirmed or granted any increment, beyond the first, during the period of their probation. Probationers whose vernacular is *Urdu* may be exempted from passing the language examination. Failure to pass the examination within the probationary period involves liability to removal from service.

7. Officers (including probationers) of the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways, recruited under these regulations, will not be entitled to pension on quitting the service, but will be eligible throughout their service for the benefits of the State Railway Provident Fund, to which they will be required to subscribe, and by the rules of which Fund they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix II.

8. Pay will commence from the date of joining service. Service for increments will also count from that date. Particulars as to pay are contained in Appendix III.

9 Leave rules applicable to State Railway officers are under revision. Officers recruited under these regulations will, pending the revision of the rules, be entitled to leave under the existing rules, but the revised rules will apply to them when they are brought into force.

10. Officers will ordinarily be employed throughout their service on the railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other Railway. But the Government of India reserve the right to transfer such officers in the exigencies of service, to any other Railway or project in or out of India.

11. The Government of India reserve the right of assigning, to the R. E. officers, recruited for the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways under the rules laid down by the Secretary of State, and to officers promoted from the subordinate ranks, positions in the seniority list at their discretion.

PART II.

Qualification of candidates, method of preliminary selection and rules of examination.

1. A competitive examination for admission to the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways shall be held in India at such time and place as the Governor-General in Council may direct.

2. (1) A candidate shall apply to be admitted to the examination before such date and in such form as the Governor-General in Council may direct. The application shall be made to the authority of the area in which his parents reside at the time of his application or have previously resided for a period of not less than three years or in which he has himself resided, otherwise than as a student at a University only, for a like period.

(2) The application shall be made, if based on residence in a Governor's province, to the Chief Secretary of that province, if based on residence in Coorg, the North West Frontier Province, Delhi, Ajmer-Merwara or British Baluchistan, to the Chief Commissioner concerned and if based on residence in a State in India to the Political Officer or Agent through the Darbar.

(3) No candidate shall make more than one application in any year.

Provided that a candidate, if qualified in other respects, may apply for permission to appear at the examinations both for the Transportation (Traffic) and Commercial Departments and for the Indian Railway Service of Engineers.

3. A candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British

* subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India, or (iii) a ruler or a subject of a State in India, in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act.

4. A candidate must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August in the year in which he is selected for admission to the competitive examination.*

5. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of his duties as a member of the Railway Services.

6. A candidate must satisfy the Public Service Commission that his character is such as to qualify him for employment in the Railway Services.

7. A candidate must—

(i) hold the Engineering Certificate of the Thomason Civil Engineering College, Roorkee; or

(ii) have passed the Associate Membership examination of the Institution of Engineers (India); or

(iii) have passed one of the examinations of an Indian University, which are accepted by the Institution of Engineers (India) as exempting from the Associate Membership examination mentioned in Appendix V; or

(iv) hold an Engineering or Science degree of any teaching University in the United Kingdom granted after not less than three years' study in that University; or

(v) have passed sections A and B of the Associate Membership examination of the Institution of Civil Engineers; or

(vi) have passed the Associateship examination of the City and Guilds Institute (Imperial College of Science and Technology, South Kensington) in Civil Engineering; or

(vii) have passed any of the examinations enumerated in Appendix VI; or

(viii) have passed the Associateship examination of the Bengal Engineering College in Mechanical Engineering; or

(ix) hold a degree of an Indian University mentioned in Appendix VII

Provided that no degree will qualify in this behalf unless at the final examination the candidate was examined in one or more of the following subjects:—

(a) Applied Mathematics,

(b) Physics (including Electricity and Magnetism),

(c) Applied Mechanics (including strength of Materials and Theory of Structures),

(d) Prime Movers.

NOTE 1.—For the examination to be held in 1927 candidates who have obtained Railway Traffic training in the United Kingdom for not less than two years, will be eligible for admission to the competitive examination, although they may not possess any of the qualifications required under this regulation, provided that they fulfil the conditions and requirements of the other regulations.

NOTE 2.—The condition that the degree has been gained after not less than three years' study, prescribed in clause (c), will not apply to candidates who, having taken an Indian degree which exempts them from part of the University course, shall have taken the degree of a British University in less than three years in accordance with the regulations of the University concerned

8. Not more than ten candidates will be allowed to compete at the examination for each vacancy.

9. The percentage of candidates to be drawn from each of the areas specified in the following table shall not exceed the number shown against it. This percentage is hereinafter referred to as the "provincial quota"*.

Assam	3
Bengal (including Sikkim)	15
Bihar and Orissa	10
Bombay (including Hyderabad, Baroda, and States in the Western India States Agency)	19
Burma	9
The Central Provinces (including Gwalior and the Central India States).	7
Madras (including Coorg, Mysore, Travancore, Cochin, and the States of the Madras Agency)	27
The Punjab (including the Delhi Province, Kashmir, and the States of the Punjab Agency)	11
The United Provinces (including Ajmer, Merwara and the Rajputana States)..	16
The North-West Frontier Province and Baluchistan	2

The provincial quota worked out according to the above proportion will be rounded off to the nearest whole number, fractions of half and over being taken as one and smaller fractions ignored, provided that the provincial quota shall in no case be less than one.

10. The local Government of the Governor's province which coincides with, or is included in, each of the areas mentioned in rule 9, or the Chief Commissioner of the North West Frontier Province, as the case may be, shall appoint a selection committee. Every selection committee shall contain at least one non-official member and one officer nominated by the Railway Board. The Public Service Commission may, if they think it desirable, nominate one of their members to sit on any selection committee. In constituting selection committees arrangements shall be made for the due representation of Administrations or States in India included in each area from which there may be candidates.

11. In making their selection the selection committee shall exclude any candidate whom they regard as unsuitable by reason of personality, character, physique or otherwise for the Railway services, and also any candidate with regard to whom they are satisfied that he will not qualify in the written examination. A list of the candidates recommended by the selection committee and their application forms shall be sent to the Public Service Commission through the local Government who will make such observations as they may desire.

12. Each candidate on the list shall, subject to his satisfying the Public Service Commission that his character is such as to qualify him for employment in the Railway services, be furnished by the Public Service Commission with a certificate of admission to the examination; no candidate shall be admitted to the examination who does not possess this certificate.

13. *No recommendations except those invited in the form of applications will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for selection.*

14. A candidate who has been selected by the Selection Committee will be required to undergo examination by a Medical Board before being admitted to the examination

'NOTE.—These age limits apply whether or not the candidate is already in Government service

* Candidates selected for the examinations held for the Transportation (Traffic) and Commercial Departments and the Indian Railway Service of Engineers will count against the provincial quota for each examination

15 Candidates must pay the following fees for each examination :—

(i) Re 5 with the application form ;

(ii) Re 15 before examination by a Medical Board ; and

(iii) If selected for admission to the examination, Rs. 30 within three weeks after the notification of selection.

No claims for a refund of these fees will be entertained *

16. The examination will include the following subjects each of which will carry the number of marks shown against it—

(a) *Compulsory*—

(1) English (including Essay and Precis writing)	100
(2) General knowledge	100
(3) *Viva Voce*	100

(b) *Optional*.—Not more than two of the following subjects :—

(1) Applied Mathematics	200
(2) Applied Mechanics (including strength of Materials and Theory of Structures)	200
(3) Physics (including Electricity and Magnetism)	200
(4) Prime Movers	200

NOTE.—In the case of candidates admitted under Rule 1 to regular or 7 to the examination to be held in the year 1927, the following subjects will be substituted for the subjects under Section (b) Optional :—

(1) Practical Railway Working

(2) Railway Economics.

Candidates will be required to offer both these subjects for examination.

17. In subjects which are common to the examinations both for the Transportation (Traffic) and Commercial Departments and Indian Railway Service of Engineers, the same papers will be set.

18. The standard and syllabus of the examinations shall be such as the Public Service Commission shall prescribe and the Commission shall, if they think it desirable, determine what shall be the qualifying mark in all or any of the subjects of examination.

19. From the marks assigned to candidates in each subject such deduction will be made as the Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge

20. If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.

21. Credit will be given for good English including orderly, effective and exact expression combined with due economy of words in all subjects of the examination and not only in subjects which are specially devoted to English.

22. A list of the competitors shall be made out in order of merit as disclosed by the aggregate marks finally awarded to each competitor

APPENDIX I

Course of training prescribed for Probationers in the Transportation (Traffic) and Commercial Departments.

Length of Course—three years.

1.	Course in guard's duties, lectures on the Locomotive and general lectures on Railway Working, and Signalling and Telegraphic Traffic Working. The course to be held at an Area School	3 months
2.	Actual working as a guard with full responsibilities after having been passed as capable by the appropriate railway officials	6 months.
3.	Course at Railway School College of Transportation on A. S. M.'s duties, including Signalling and Telegraph Traffic Working, with lectures on railway organisation and general railway subjects ..	3 ,,
4	Responsible charge as A. S. M. of a station with separate signalling staff, after having been passed as fit to take up the charge by the appropriate railway officials ..	3 ,,
5.	Further course at Railway School/ College of Transportation of A. S. M. and S. M.'s duties including lectures on the Vacuum Brake, Interlocking and Statistics ..	2 ,,
6.	Responsible charge as S. M. of a way-side station after having been passed as capable by the appropriate railway officials	3 ,,
7.	A course of training in the duties of Assistant Train Controller ..	2 ,,
8.	A course of training in the actual duties of Yard Foreman ..	3 ,,
9.	A course of training in the duties of Assistant Station Superintendent at a large station	2 ,,
10.	Work in all the sections of a Divisional office	6 ,,
11.	Acting as Assistant to the Assistant Loco Foreman at a large engine changing station	2 ,,
12.	Work in the Train and Time Table Section at the Headquarters of a Railway	3 ,,
13.	Working as Claims Investigator and Tracer and in Commercial office ..	2 ,,
	Total ..	36 ,,

Examinations will be held at the close of courses and at intervals during the three years.

NOTE.—The courses of training specified above are liable to change from time to time as circumstances require or experience indicates.

APPENDIX II.

Provident Fund and Gratuities.

The following is a summary of the rules relating to Provident Fund and Gratuities applicable to officers appointed to the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

Provident Fund.—The State Railway Provident Fund is established on the following basis :—

(i) Every officer is required to subscribe to the Provident Fund at a uniform monthly rate of one-twelfth of emoluments, to which is added half-yearly a bonus at the rate of 100 per cent of an officer's subscriptions for the half year,

(ii) Compound interest at the rate of 4½ per cent. per annum is allowed on the officer's subscription and bonus. This rate is subject to reconsideration should the rates at which the Government of India borrow undergo modification, six months' notice being given to members before any alteration is made

(iii) The sum which thus accumulates to the credit of an officer is paid to him on quitting the service ; or, in the event of his death before retirement, to his legal representatives.

Gratuities.—Officers of Indian State Railways are also eligible on retirement, at the discretion of the Railway Board, for gratuities for good, efficient,

* NOTE.—If under Regulation 5 a candidate applies for permission to appear at the examinations both for the Transportation (Traffic) and Commercial Departments and the Indian Railway Service of Engineers, the fee of Rs. 5 will be payable for each application. If he is permitted to appear at both examinations he will be required to pay the fee of Rs. 50 for each examination.

faithful and continuous service, on the following conditions :—

(*a*) Completion of 30 years' service, or

(*b*) Attainment of the age of 55 years, or

(*c*) Retirement on account of permanent incapacity due to bodily or mental infirmity, or

(*d*) Abolition of appointment due to a reduction of establishment, if other suitable employment cannot be found for the officer.

The amount of gratuity admissible is as follows :—

(*a*) For service not exceeding 18 years, half a month's pay for each year of service, subject to a maximum of six months' pay ;

(*b*) For service in excess of 18 years, six months' pay *plus* half a month's pay for each year after the eighteenth, subject to a maximum of 12 months' pay or Rs. 25,000, whichever is less

In case of an officer's death while in service, the gratuity is paid to his widow or children dependent on him.

APPENDIX III

Particulars as to pay of officers of Indian domicile of the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

1. The various ranks of the department are at present as follows :—

Executive officers on Senior and Junior scales of pay.

Year of service.	Pay. Junior scale.	Senior scale.	
	Rs.	Rs.	
1st ..	300		Probationary period.
2nd ..	450		
3rd ..	600	..	
4th ..	450	650	
5th ..	450	650	
6th ..	600	600	
7th ..	650	650	
8th ..	650	650	
9th ..	600	700	
(Efficiency bar here)			
10th ..	650	750	
11th ..	700	800	
12th ..	750	875	
13th ..	800	900	
14th ..	850	950	
15th ..	900	950	
16th ..	..	1,000	
(Efficiency bar here).			
17th ..	..	1,050	
18th ..	..	1,100	
19th ..	..	1,150	
20th ..	..	1,200	
21st ..	..	1,250	
22nd ..	..	1,275	
23rd ..	..	1,275	
24th and over	..	1,350	

Junior Administrative Officers.

	Rs.
Deputy Chief Operating Superintendent, East Indian Railway and North-Western Railway.	1,950
Deputy Chief Commercial Manager, East Indian Railway and North-Western Railway.	
Deputy Traffic Manager, Eastern Bengal Railway.	
Deputy Traffic Manager, Great Indian Peninsula Railway.	
Deputy Transportation Superintendent Class I, Great Indian Peninsula Railway.	1,750—50—2,000
Deputy Transportation Superintendent, Class II, Great Indian Peninsula Railway.	
Divisional Transportation Superintendent, Great Indian Peninsula Railway.	1,550—50—1,700
Personal Assistant to Chief Transportation Superintendent, Great Indian Peninsula Railway.	

Senior Administrative Officers.

	Rs.
Chief Operating Superintendent, East Indian Railway and North-Western Railway	2,750—125—3,000
Chief Transportation Superintendent, and Chief Commercial Manager, Great Indian Peninsula Railway	2,500—125—2,750
Chief Commercial Manager, East Indian Railway	1,500
Traffic Manager, Eastern Bengal Railway	2,000—100—2,500
Chief Commercial Manager, North-Western Railway	2,250

2. The increments will be given for approved service only and in accordance with rules of the department.

3. Pay will be drawn according to the junior scale, except when an officer is holding a charge which is declared to carry the senior scale of pay. No officer will, however, draw more than the pay of the ninth year of service on the junior scale, unless the Agent is satisfied that he is fit to hold charge carrying the senior scale of pay.

4. Pay on the senior scale will be drawn by officers holding charges which have been declared to carry the senior scale of pay. No officer on the senior scale of pay will draw more than the pay of the 16th year of service, unless the Railway Board are satisfied that he is fit for further promotion.

5. Promotion to the administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection ; mere seniority is considered to confer no claim for promotion.

6. The administrative appointments in the Transportation (Traffic) Department are also open to officers of the Transportation (Power) Department.

7. The administrative appointments are not reserved for officers of the Transportation (Traffic) and Commercial or Transportation (Power) Departments of the Superior Revenue Establishment of State Railways, and the Government of India reserve the right to appoint, at their discretion, an officer of any department or Railway to any of these posts

8. Officers of the Transportation (Traffic) and Commercial Departments are eligible for appointment to administrative posts in the Agency and the Divisions.

APPENDIX IV.

Syllabus of the Examination for the Transportation (Traffic) and Commercial Departments in the optional subjects.

(*b*) (*i*) *Applied Mathematics.*

Statics.—Vectors, Notion of force. Gravitational or Engineer's unit of force. Various kinds of forces. Friction. Composition and resolution of concurrent forces. Moments. Parallel forces and centres of gravity. Couples. Conditions of equilibrium of non-current coplanar forces. Funicular polygon.

Kinematics.—Units of space and time. Rectilinear motion, motion of a projectile ; angular motion ; relative motion ; simple harmonic motion.

Kinetics.—Newton's Laws. Absolute system of units. Linear momentum. Impact of elastic bodies. Impulse and impulsive forces. Angular momentum ; moments of inertia and radii of gyration ; impulsive torque. Centrifugal forces. Conical pendulum. Motion of the centre of mass. Cant on railway curves and banking of road tracks. Hoop stress and stress in the rim of a fly-wheel.

Work, power, kinetic and potential energy. Principle of energy Kinetic energy due to rotation. Work done by a couple. Principle of Virtual work. Simple machines, mechanical advantage, and velocity ratio. Stable and unstable equilibrium. Deflection in a framed structure. Oscillations. Simple and Compound pendulum. Units and dimensions.

Hydrostatics.—Fluid pressure, its transmission, and measurement; density; specific gravity; metric system of units; resultant pressure; centre of pressure; equilibrium of floating bodies; metacentre. Laws of Boyle and Charles. Mixture of gases. Nature and action of simple hydraulic machines.

(b) (2) *Applied Mechanics.*

(a) BUILDINGS.

Consideration of materials used in the construction of roof-trusses. Steel and timber. Determination of stresses in trusses by various methods. Dead-loads and wind pressures. Factors of safety and working stresses.

Design of roof trusses. Various types of roof-trusses and roof coverings; collar beam and hammer beam trusses.

Use of Euler's, Gordon's, Rankine's, Fidler's, Johnson's and straight line formulæ in the design of struts. Buckling factor of struts; curves showing comparative strength of struts obtained by various formulæ. Choice of size of sections. Finish of steel work. Joints. Design of end-bearings; methods of fixing and supporting ends.

Application of circle and ellipse of stress and Clapeyron's theorem to design of structures.

Cast Iron and Steel Columns.—Flange and web connections to steel columns; caps; bases; transverse bracing of columns.

Foundations.—Safe pressures; foundations for columns. Slab foundations; cantilever foundations; grillage foundations. Wells. Piles.

Retaining Walls and Earth-pressures.—Rankine's theory, Wedge theory, Winkler's and Bligh's graphical constructions, with corrections. Design of various types of retaining walls in masonry.

Tall Masonry and Steel Chimneys.—Theory and design.

Design of steel and masonry reservoirs; with considerations of wind-pressures.

Deflection of framed structures and determination of stresses, etc., in redundant frames.

Influence diagrams for bending moment and shear for uniformly distributed and irregular loads on trusses, built-in beams, and three-pinned, parabolic, semi-elliptic and semi-circular arches.

General principles of dome design.

Principles of Building Design; consideration of loads on buildings. Steel-work, girders, etc., for buildings.

(b) BRIDGES.

Design of superstructure. Determination by graphical and analytical methods of bending moment due to moving loads. Wind pressures.

Design of masonry bridges and culverts.

Plate web girders. Analysis of stresses.

Warren and lattice girders.

Three-pinned arches; doubly pinned and rigid arches.

General considerations on the design of suspension, cantilever, and tubular bridges.

Steel-arched bridges.

Swing bridges.

(c) REINFORCED CONCRETE.

Shear, bond, and diagonal tension; its nature, evaluation and location of reinforcement.

Design of simple and doubly reinforced beams, and continuous beams.

Theory and design of reinforced concrete columns and piles.

Design of slab foundations.

Design of simple cantilever and counterfort retaining walls.

Equivalent moments of inertia for reinforced concrete sections.

Theory of elastic deflections and outline of investigation of stresses in reinforced concrete arches.

(d) GENERAL.

Analysis of stress, analysis of strain, elastic limit and ultimate strength. Relation between the elastic constants. Launhardt Weyrauch formulæ for working stresses in a structural member and determination of its cross-sectional area. Repetition of stresses. Bending moment and shearing force diagrams for dead loads. Graphical determination of stresses in frames; effect of wind pressure; method of sections. Stress in the cross-section of a beam due to bending ($M/I = f/y = E/R$); compound and conjugated stresses. Rankine's theory of earth-pressure; depth of foundations and strength of footings. Grillage foundations; Coulomb's theory of earth-pressure; modification due to Rebhahn.

Bending moment and shearing force diagrams for live loads. Analysis of uniform and uniformly varying stress. Elastic theory of bending of beams; bending and shear stresses in beams. Modulus of section and equivalent areas. Maximum and minimum stresses in a joint due to eccentric loading. Stresses in dams and chimneys. Stability of block-work structures. Design of riveted joints and stresses in boiler shells. Euler's theory concerning struts; modifications due to Rankine, Gordon and others. Torsion. Combined torsion and bending. Deflections. Encastre beams. Continuous beams and theorem of three moments. Elastic theory of arches. Masonry arches.

(d) (3) *Physics (including Electricity and Magnetism).*

Heat.—The methods of calorimetry and thermometry. Vapour pressures, critical temperature and pressure. Conduction and diffusion of heat and the determination of constants. Radiation and absorption; laws of cooling. Theory of exchanges; methods of measuring radiation. Laws of thermodynamics; simple applications.

Light.—Velocity of light. Illumination, photometry. Achromatism in lens systems; direct-vision spectroscope.

The wave theory; simple interference phenomena, Huygens' principle. Explanation of straight line propagation, reflection, and refraction of light. Action of mirrors, lenses, etc., reviewed from this stand-point. Simple diffraction phenomena. Gratings and wave length determination. Spectrum analysis; Doppler's principle. Double refraction and polarization of light; rotatory polarization; simple applications.

Magnetism.—Forces on a magnet in a magnetic field. Determination of axes and moment of magnet. Magnetic potential, level surfaces. Intersection of two short magnets, determination of field strength. Magnetic shell; its potential energy in magnetic field. Total normal induction, Gauss' theorem; number of lines of force. Magnetic induction in iron, etc. Theory of magnetism.

The magnetic field of the earth, the elements and their variations; the compass and its corrections.

Electricity.—Electric capacity; specific inductive capacity. Distribution of electricity on surfaces of conductors; images. Value of electric force in simple cases of distribution. The mechanical force on charged conductors; energy of electrified systems. The dielectric medium; dielectric displacement currents.

Wheatstone's bridge; specific resistance; resistance thermometers. Conductivity of electrolytes; ionization migration phenomena; accumulators. Standard cells; the potentiometer system of measurement. Thermo-electricity; application of thermodynamics; thermo-electric diagrams. Electromagnetic induction; co-efficients of induction; induction coils. Energy of current carrying current when placed in a magnetic field; mechanical force

on conductors carrying current; moving coil instruments. Lenz's law, illustration from dynamos and motors, etc. Determination of current resistance, E M F. in absolute measure. The discharge of a condenser; electric waves Elementary theory of the electron.

The elementary theory of the continuous current dynamo and motor and of the alternating current dynamo. General principles of the application of electricity to lighting, power-transmission, telegraphy, etc.

Sound.—The transmission of energy through material media by wave-motion; speed of propagation of waves of permanent type. Nature of musical sound; pitch, scales. Reflection and refraction of sound; influence of wave-length. The vibration of strings, bars, plates and gas columns; resonance. Interference and diffraction phenomena. Analysis of sound Measurement of wave length, velocity and pitch.

(3) (4) *Prime Movers.*

Fuel, Gas Plants and Boilers—

(a) *Fuel.*—Coal, wood, petroleum, gas, petrol, alcohol, etc.; physical characteristics; approximate chemical composition; heat of combustion.

(b) *Gas Plants.*—Gas-producers; pressure and suction plants; arrangement and working.

(c) *Boilers*—Draught; natural, forced and induced. Ordinary forms of stationary, locomotive, marine, water-tube, and other types; heating surface, fregrate area, boiler efficiency; superheaters; feed-water heaters; accessories and management.

Theory of Heat Engines—

(a) Thermodynamical principles; Carnot's cycle; perfect heat engine; second law.

(b) *Air Engines*—Stirling and other forms.

(c) *Internal Combustion Engines.*—Gas oil and petrol engines; engines with fluid pistons; types and working, features of cycles. Proportioning of mixtures; efficiencies.

(d) *Steam*—Thermodynamics of the generation, expansion and condensation of steam; heat-diagrams, etc.

(e) Steam engines and turbines, with special reference to modern developments.

(f) *Refrigerating Plant*—Theory and general arrangement of the more common types.

(g) *Air Compressors*—Theory of pneumatic working.

Generating Plants, Accessories and Details—

(a) General arrangement and construction of the more important types.

(b) Condensers, air-pumps, circulating pumps, cooling tanks, etc.

(c) Carburettors, and systems of ignition.

(d) Cylinders, pistons, cross-heads, guides, connecting rods, cranks, governors, fly-wheels, valves and valve gears, glands and pipes.

(e) *Engine Testing.*—Consumption of steam and fuel, gas and oil; brakes and dynamometers, indicators and indicator diagrams.

NOTE.—There will be no practical examination in any of the subjects.

APPENDIX V.

List of Examinations of Indian Universities which are accepted by the Institution of Engineers (India) as exempting from the Associate Membership examination.

Final Examinations leading up to the following Degrees —

B.E. of Bombay University.
B.E. of Calcutta University (College of Engineering, Sibpur)
B E. of Madras University.
B.Sc. (Engineering), Benares Hindu University.

APPENDIX VI.

List of Examinations referred to in Regulation 7 (xii), Part II

Associate Membership Examination of the Institution of Mechanical Engineers.

Associate Membership Examination of the Institution of Electrical Engineers.

B.Sc. Examination in "Civil" or "Mechanical" or "Electrical" Engineering (Honours or Ordinary degree)—McGill University (Montreal).

B E. Examination in "Civil" or in "Mechanical and Electrical" Engineering—Sydney University.

B C E., B Mech. E. or B E E. Examination—Melbourne University.

B.E. Examination in "Civil" or "Mechanical" or "Electrical" Engineering—New Zealand University.

B E Examination in "Civil" or "Mechanical" or "Electrical" Engineering—Adelaide University.

B.E. Examination in "Civil" or "Mechanical" or "Electrical" Engineering—Queensland University.

B.E. Examination—University of Western Australia

B.Sc Examination in Engineering (until 1921)—University of South Africa.

B Sc. Examination in Engineering—Cape Town University.

B.Sc Examination in "Civil" or in "Mechanical" and "Electrical" Engineering—University of Witwatersand.

Examination for certificate in Technology, Mechanical or Electrical Engineering—Manchester.

Examination for Diploma in Engineering —
City and Guilds (Engineering) College, Kensington,
University College, London
King's College, London,

Examination of the City and Guilds of London Institute, Technical College, Finsbury, for Diploma or Higher Certificate (three years' course), if taken by Matriculated students or students who have passed the Institute Studentship Examination or its recognized equivalent.

Final Diploma Examination in Mechanical or Electrical Engineering of the Royal Technical College, Glasgow, provided an approved Matriculation Examination has been passed before beginning the course.

Naval officers' examination which qualifies as Lieutenant (E).

Examination for Professional Certificate for Constructor's Royal Naval College, Greenwich

APPENDIX VII.

List of Indian Universities which have been approved by the Governor-General in Council [See Regulation 7 (xi), Part II].

The Universities of Allahabad, Bombay, Calcutta, Dacca, Delhi, Lucknow, Madras, Nagpur, Patna, the Punjab and Rangoon.
The Aligarh Muslim University.
The Benaras Hindu University.
The Mysore University.
The Osmania University.

APPENDIX VIII

Regulations for the Medical Examination of candidates for admission into the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

1. To be passed as fit for an appointment as an officer of the Transportation (Traffic) and Commercial Departments, a candidate must be in good mental and bodily health and free from any physical

defect likely to interfere with the efficient performance of the duties of his appointment.

2. In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

NOTE.—The following table of correlation of age, height and chest-girth is to be used as a guide in the examination of candidates of European race :—

Physical Equivalents

Age last birthday.	Height without shoes.	Girth when fully expanded	Chest range of expansion not less than
		inches.	inches.
16	60 and under 62 inches ..	32½	2
	62 " 65 " ..	33½	2
	65 " 68 " ..	33½	2
	68 " 72 " ..	34	2
	72 and upwards ..	34½	2
17	62 and under 65 inches ..	33½	2
	65 " 68 " ..	34	2
	68 " 72 " ..	34½	2
	72 and upwards ..	35	2
18	62 and under 65 inches ..	34	2
	65 " 68 " ..	34½	2
	68 " 72 " ..	35	2
	72 and upwards ..	35½	2
19	62 and under 65 inches ..	34½	2
	65 " 68 " ..	34½	2
	68 " 70 " ..	35	2
	70 " 72 " ..	35½	2
	72 and upwards ..	36	2
20	62½ and under 65 inches ..	34½	2

	68 " 70 " ..	35	2
	70 " 72 " ..	36½	2
	72 and upwards ..	36	2
21 and upwards.	62½ and under 65 inches ..	34½	2
	65 " 68 " ..	35½	2
	68 " 70 " ..	35½	2
	70 " 72 " ..	36	2
	72 and upwards ..	36½	2

3. The candidate's height will be measured as follows :—He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

4. The candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together, and to raise his forms over his head. The tape will be so adjusted around the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33-34, 34-36½, etc. In recording the measurements fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The results of each test will be recorded.

(i) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any morbid conditions of the eyes, eyelids, or contiguous structures, of such a sort as to render, or to be likely at a future date to render, him unfit for service.

(ii) *Visual Acuity.*—The candidate will be examined, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision, and the examination will include two tests, one for distant and the other for near vision. Each eye will be examined separately. No candidate will be accepted whose Visual Acuity falls below the following standards :—

—	The one eye.	The other eye.
Distant vision—		
Without glasses	6/12	6/18
Corrected with glasses ..	6/6	6/9
Manifest Hyperopia ..	1·5	1·5
Near vision—		
With or without glasses ..	0·5	0·5

(iii) *Colour Perception.*—The candidate will be examined for colour knowledge with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception will be a cause for rejection of the candidate.

(iv) *Night Blindness.*—The candidate's night vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 vision with both eyes open, with or without glasses, will be rejected if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses, falls below 6/24.

(v) *Field of vision.*—The fields of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect will be a cause for rejection of the candidate.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed :—

(a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear;

(b) that his speech is without impediment;

(c) that his teeth are in good order, and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);

(d) that his chest is well formed, and his chest expansion sufficient; and that his heart and lungs are sound; and that his blood pressure is within normal limits;

(e) that there is no evidence of any abdominal disease;

(f) that he is not ruptured;

(g) that he does not suffer from a severe degree of hydrocele, varicocele, varicose veins or piles;

(h) that his limbs, hands and feet are well formed and developed, and that there is free and perfect motion of all his joints;

(i) that he does not suffer from any inveterate skin disease;

(j) that there is no congenital malformation or defect;

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution; and

(*l*) that he bears marks of efficient vaccination.

When any defect is found it must be noted and the medical examiners should state their opinion as to whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

ANNEXURE TO APPENDIX VIII.

FORM OF DECLARATION AS TO HEALTH TO BE COMPLETED BY CANDIDATES FOR APPOINTMENT TO THE SUPERIOR GRADES OF SERVICE ON STATE RAILWAYS.

Statement by candidate for appointment as.....

The candidate must make the statement required below prior to his medical examination, and must sign the Declaration appended thereto in the presence of the Medical Board.

1. State your name in full (in Block Letters).

2. State place of birth.

3. State your age and date of birth.

4. Furnish the following particulars concerning your family :—

Father's age, if living, and state of health	Father's age at death, and cause of death	No. of brothers living, their ages and state of health.	No. of brothers dead, their ages at, and cause of death.

Mother's age, if living, and state of health	Mother's age at death, and cause of death.	No. of sisters living, their ages and state of health.	No. of sisters dead, their ages at, and cause of death.

5. Have any of your near relations suffered from tuberculosis (consumption, scrofula), cancer, asthma, fits, epilepsy, insanity or any other nervous disease?

6. Have you ever been out of India? Where, and for what period and how long since?

7. Have you ever served in the Navy, Army, Air Force, or in any Government Department?

8. Have you ever been examined (*a*) for Life Insurance or/and (*b*) by any Government Medical Officer or State Medical Board, Civil or Military? If so, state details, and with what result.

NOTIFICATIONS.

No. 946.—As prescribed by the rules relating to the election of members of district boards by taluk boards it is hereby notified that C. P. Mammali Keyi Sahib Bahadur has been elected a member of the Malabar District Board by the Calicut Taluk Board.

No. 947.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of Government that the eight temples in the village

of Ghattu, Madanapalle Taluk, Chittoor district, specified in the appended schedule were under the control of the old Madanapalle Taluk Temple Committee before the Madras Hindu Religious Endowments Act came into force and that they are now outside the scope of Act II of 1927 as the annual income of each is less than Rs. 250. It is reported that the temples are in a neglected condition, that the trustee does not exercise any supervision over them, that the pooja is not conducted properly and that the archakas of the several temples are enjoying the temple lands without doing any services. The Board considers that in the interests of the management of these temples some effective supervision is necessary and it requests the Government to apply to them all the provisions of the Madras Hindu Religious Endowments Act, 1926 (Act II of 1927) except section 69 (which relates to the levy of contributions towards the expenses of the Board and the Committee). Before issuing a notification under the proviso to section 4 of the Act as recommended by the Board, the Government desire to know whether the trustee or any worshipper at any of these temples has any objection to urge against the application of the Act. If no valid objection is received by Government within a month from the date of publication of this notification in the District Gazette, they will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 69 to the said eight temples in Ghattu village, Madanapalle taluk, Chittoor district.

SCHEDULE.

Fort St. George, June 20, 1927
(G.O. No. 1296, L. & M.).

No. 950.—In G.O. No. 484, L. & M., dated 15th February 1927, a draft of the revised rules for the preparation of electoral rolls for taluk boards was published for general information and criticism. The Government have carefully considered the suggestions received in respect of the draft rules and as a result the following alterations will be made in them :—

(1) In rule 4 (*b*) the words 'whether in his personal or in a representative capacity' will be omitted.

(2) In Form I the word 'Number' will be added after the words 'Polling area' with reference to rule 1 and 2 which each polling area has to be separately numbered.

(3) In Form II the words '25th of August' will be omitted and the space left blank with an asterisk. The following note will be added at the end of the form :—

NOTE.—"The date to be entered here will be the 25th August or such other date as the Collector has prescribed under rule 14."

2. The rules as thus revised are now confirmed. The appended notification will be published in

English in the *Fort St. George Gazette* and in all District Gazettes in the vernacular language of the district concerned.

APPENDIX

NOTIFICATION.

In exercise of the powers conferred by sub-section (1) of section 51 and clause (*i*) of sub-section (2) of section 199 of the Madras Local Boards Act, 1920, and in supersession of all previous rules on the subject, the Local Government hereby make the following revised rules for the preparation of electoral rolls for taluk boards:—

REVISED RULES FOR THE PREPARATION OF ELECTORAL ROLLS FOR TALUK BOARDS.

Preliminary roll.

1. The electoral roll for each taluk board shall be maintained in Form I annexed and shall be divided into parts for each circle comprised in it and each part shall, where the taluk board has divided the circle to which it relates into separate polling areas, be subdivided into sections for each such polling area. Each polling area in a circle or each circle, as the case may be, shall be separately numbered and the electors therein shall be numbered in one series. The villages in each polling area and the names in each village shall be arranged in the order of the alphabet of the language employed.

2. The roll shall be kept in the chief vernacular of the taluk board area provided that the taluk board may direct that any particular roll or part of a roll may be kept in any language or languages.

3. (*a*) The revenue divisional officer shall be the registration officer for the taluk board or boards in his division:

Provided that the Local Government may appoint any other officer or person to be the registration officer for any taluk board or boards.

(*b*) Any of the powers and duties of the registration officer may be exercised and performed by any deputy for the time being appointed by the registration officer and approved by the Collector of the district and the provisions of these rules shall, in respect of the powers and duties to be exercised and performed by him, apply to such deputy so far as they apply to the registration officer.

4. (*a*) It shall be the duty of the registration officer to inquire or cause inquiry to be made and to prepare or cause to be prepared lists of all persons appearing to be entitled to be registered as electors in the roll. The lists shall be prepared in the form prescribed for the roll and shall also contain such other particulars as the taluk board may determine.

(*b*) No person shall be registered as an elector in more than one circle.

(*c*) The preliminary roll shall be prepared from those lists and printed. If it be convenient a printed copy of the roll in force or of a roll previously in force with printed lists of additions and corrections may be published as the preliminary roll. The roll shall be published by posting it in the office of the registration officer not later than the 25th of July. Copies of the roll with the notices referred to in clause (*d*) of this rule shall also be published in the offices of the taluk board and of every union board, of every tahsildar and of every deputy tahsildar in the area under the jurisdiction of the taluk board.

(*d*) With the preliminary roll the registration officer shall publish notices in Form II annexed specifying the mode in which, and the time within which claims and objections are to be preferred and the date on, and the place at which, the revising authority will begin to sit for their disposal. The date fixed for the sitting of the revising authority shall not be later than the 15th of September.

5. Copies of the parts relating to each circle shall be made available for inspection and sale in the offices of the revenue divisional officer, the tahsildars and deputy tahsildars concerned, and in the offices of the taluk board and every union board concerned, and a copy of the part or section relating to each village shall also be posted in the village chavadi or other conspicuous place in the village.

Claims and objections.

6. (*a*) Any person who claims to be entitled to be registered as an elector and whose name is not entered or is entered in an incorrect place or manner or with incorrect particulars on the preliminary roll and any person whose name is on the roll and who objects to the inclusion of his own name or of the name of any other person whose name is on the roll may prefer a claim or an objection to the revising authority. Such claim or objection shall be sent in Form III or IV annexed, to the registration officer so as to reach him on or before the 25th of August.

(*b*) Claims and objections received after the prescribed date shall be rejected by the registration officer.

(*c*) The registration officer shall supply forms of claims and of notices of objection free on the application of any person.

7. The registration officer may, of his own motion, make all corrections in the roll which may be necessary including the insertion therein or the removal therefrom of the names of any person or persons.

8. The registration officer shall, not later than the 5th of September,

(*a*) post in his own office, in the offices of the tahsildars and deputy tahsildars concerned and in the offices of the taluk and union boards concerned lists of all claims and objections received in time and of corrections made by him of his own motion in Form V annexed, and

(*b*) send a copy of every notice of objection to the person to whose registration objection has been taken and give intimation to the person concerned of the corrections made by him of his own motion.

In the lists referred to in clause (*a*) and in the copy and intimation sent under clause (*b*) the registration officer shall give notice that the claims, objections and corrections will be taken into consideration by the revising authority at a place and on a date to be specified therein.

Revising authority.

9. The revising authority for each taluk board area shall consist of the registration officer as chairman and two non-official gentlemen who are not members of the taluk board to be nominated for each electoral roll by the Collector of the district. The Collector shall also appoint one or more non-official gentlemen (specifying the order in which they shall be entitled to act, where more than one gentleman is appointed) as reserves to take the place of any member of the revising authority (including the chairman) who is unable to attend a sitting or who is personally or pecuniarily interested in, or gives evidence in respect of, any claim or objection and is thereby rendered unfit to take part in the adjudication of such claim or objection.

10. The revising authority shall sit in open office on the day fixed and from day to day until all the claims and objections are disposed of. The revising authority shall, however, have power to adjourn its proceedings at any stage to such other date as it may fix, and notice of such adjourned date shall be posted in the office of the registration officer. Notices of the adjourned date shall also be given to such of the parties whose claims and objections have not been disposed of. Orders shall be passed in writing on each claim or objection with reasons if a claim is rejected or an objection contested. The revising authority shall also pass orders on the lists of corrections made by the registration officer of his own motion. In case of a difference of opinion among the members, the opinion of the majority shall prevail. The orders passed by the revising authority shall be final and shall not be liable to be questioned by any legal proceeding.

Final publication.

11. The registration officer shall correct the roll in accordance with the orders of the revising authority and the final roll shall be published by posting it in the office of the registration officer not later than the 30th of September. If it is more convenient the preliminary roll together with lists of additions and corrections may be published as the final roll.

12. (*a*) Two copies of the roll shall be signed by each registration officer. One of them shall be kept in his office and the other forwarded to the president of the taluk board concerned.

(*b*) Neither the registration officer nor the president of the taluk board shall alter the roll while it continues in force except in order to correct clerical errors.

13. No failure to observe the dates prescribed in these rules or to observe other directions regarding the preparation of the electoral roll shall entitle any one to question the validity and conclusiveness of the roll in election proceedings.

14. Notwithstanding anything contained in these rules the Collector of the district may, in the case of the first electoral roll for a newly established taluk board and for special reasons in any other case, prescribe other dates for the preparation, revision and final publication of the electoral roll and the roll when so prepared, revised and finally published shall come into force from the date of final publication.

15. None of the officers entrusted with the preparation of the roll shall be held legally liable for its completeness or accuracy, nor shall they be held liable to any legal proceeding for damages by reason only of any omission or inaccuracy in respect of such roll or any non-compliance with the dates prescribed in these rules.

General.

16. The registration officer and the president of the taluk board concerned shall keep copies of the rolls or parts of rolls and of the lists of additions and corrections for inspection and sale in their offices and for supply to the polling officers.

17. Any notice which is required to be sent by the registration officer under these rules to any person shall be sufficiently sent if sent by post to the address of that person as given by him for the purpose, or as appearing on the roll or if there is no such address to his last known place of abode.

18. On the consideration of any claim or objection or other matter by the revising authority any person interested therein may appear and be heard either in person or by an agent duly authorized in writing.

19. The revising authority may in its discretion or at the request of any person interested require that the evidence tendered by any person shall be on oath and may administer an oath for the purpose.

STAFF SELECTION BOARD.

APPOINTMENT OF PROBATIONARY DEPUTY SUPERINTENDENTS OF POLICE.

NOTIFICATION INVITING APPLICATIONS.

Applications are invited for one appointment of Probationary Deputy Superintendent of Police in 1927.

2. A successful applicant will, on first appointment, be on probation; he will draw a salary of Rs. 250 per mensem and will be designated Probationary Deputy Superintendent of Police. The period of probation will be two years. A probationer who has no lien on another appointment under Government is not in the permanent service of Government; his services may be dispensed with at any time during the period of probation by the Government if, in the opinion of the Government, the probationer proves himself unfit for employment as a Deputy Superintendent of Police; a probationer who has a lien on another Government appointment will be liable to be reverted to that appointment at any time for the same reason. During the period of probation, he will be required to attend a course of instruction in the Provincial Training School at Vellore extending to two years, in drill, plan-drawing, the taking of finger-prints, law, departmental orders

and vernacular languages and to appear at the successive departmental examinations for junior officers in those subjects. If he passes all the prescribed examinations and is, in the opinion of Government, fit for employment as Deputy Superintendent of Police, he will be confirmed. Should any probationer, in spite of his passing the prescribed tests be found unfit for permanent appointment as Deputy Superintendent of Police or should his conduct and work be found unsatisfactory, his services will be dispensed with.

3. An applicant must satisfy the following conditions :—

(a) he must be a graduate of a recognised University or a Barrister-at-Law ;

(b) he must be a statutory native of India ;

(c) he must be either a British * subject of Indian domicile or a ruler or subject of a State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act. If he (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must, at the time of the candidate's birth, have been a British subject or the subject of a State in India ; and if alive, must be, or if dead, must have continued to be until his death, a British subject or a subject of such State.

The declaration must reach the Staff Selection Board before the communication directing him to appear before the Board is issued.

NOTE.—Applications for declarations under section 96-A of the Government of India Act should be made to the Resident or Political Agent of the State

(d) he must be of satisfactory character ;

(e) he must be of sound health, good physique and active habits, and free from any defect unfitting him for Government service.

(f) he must be above 21 and under 23 years of age on the 1st August 1927, i. e., he must have been born on or after 1st August 1904 and not later than 31st July 1906 ;

(g) he should not be less than 5 feet 5 inches in height and 32 inches round the chest on full expiration.

4. Forms of application and of medical certificate can be obtained from the Secretary, Staff Selection Board, Fort St. George, Madras. A request for forms should be accompanied by a stamped envelope addressed to the person requiring them ; requests not accompanied by stamped envelopes will not be complied with.

5. Every application must be filled up by the candidate himself in his own handwriting ; it must not be typewritten.

6. Every application must be accompanied by the following documents :—

(a) Evidence of date of birth, viz.—

(1) a duly certified birth certificate issued by a public authority ; or

(2) a certified extract from Secondary School-Leaving Certificate showing the date of birth ; or

(3) a certificate from a University or College or School authority showing date of birth according to the University or College or school records ;

(b) at least two certificates of character and conduct *in original* ; one must be by the Principal of the educational institution in which the applicant last studied for not less than one year ,

(c) a medical certificate in the prescribed form.

7. Every application (with all the enclosures securely fastened to it) should be sent by registered post direct to the Secretary superscribed and addressed as follows :—

"Application for appointment as Probationary Deputy Superintendent of Police,

To the Secretary, Staff Selection Board,
Fort St. George,
Madras."

8. Applications must reach the Secretary on or before the 25th August 1927. Applications received after that date and applications in respect of which certificates in proper form and in original have not been received on or before that date will not be considered.

9. *Any applicant will be disqualified who attempts to canvass or to bring influence to bear on the Chairman or any member of the Board or on the Inspector General of Police personally or by letter either by himself or through the Agency of any relative, friend, patron, official or other person*

10. *All communications intended for the Board must be made in writing and addressed to the Secretary. Any candidate speaking to or attempting to speak to the Secretary or any member of the staff of the Staff Selection Board either personally or through any other person with reference to his application will be disqualified.*

11. Applicants must be prepared to appear in Madras before the Board at their own expense on a date which will be communicated to them.

12. Applicants finally selected by Government will be required to undergo a strict medical examination by a Medical Board in Madras as to their physique and capacity for active outdoor work.

(By order)

A. HANUMANTHA RAO,
Secretary.

Office of the Staff Selection Board,
Fort St. George, Madras,
25th July 1927.

* The nationality of British subject is made clear by the following extract from the British Nationality and Status of Aliens Act, 1914, as amended by the Acts of 1918 and 1922 :—

Section 1—*Sub-section* (1).—The following persons shall be deemed to be natural-born British subject, namely :—

(a) Any person born within His Majesty's dominions and allegiance ; and

(*b*) Any person born out of His Majesty's dominions whose father was at the time of that person's birth a British subject, and who fulfils any of the following conditions, that is to say, if either—(i) his father was born within His Majesty's allegiance ; or (ii) his father was a person to whom a certificate of naturalization had been granted ; or (iii) his father had become a British subject by reason of any annexation of territory ; or (iv) his father was at the time of that person's birth in the service of the Crown ; or (*v*) his birth was registered at a British consulate within one year or in special circumstances, with the consent of the Secretary of State, two years after its occurrence, or in the case of a person born on or after the first day of January, nineteen hundred and fifteen, who would have been a British subject if born before that date within twelve months after the first day of August nineteen hundred and twenty-two, and

(*c*) Any person born on board a British ship in foreign territorial waters or not,

Provided that the child of a British subject, whether that child was born before or after the passing of this Act, shall be deemed to have been born within His Majesty's allegiance if born in a place where by treaty, capitulation, grant, usage, sufferance, or other lawful means, His Majesty exercises jurisdiction over British subjects.

Provided also that any person whose British nationality is conditional upon registration at a British consulate shall cease to be a British subject unless within one year after attaining the age of twenty-one, or within such extended period as may be authorized in special cases by regulations made under this Act,—(a) he assents his British nationality by a declaration of retention of British nationality, registered in such manner as may be prescribed by regulations made under this Act ; And (*b*) if he is a subject or citizen of a foreign country under the law of which he was at the time of assenting his British nationality, divests himself of the nationality of that foreign country by making a declaration of alienage or otherwise, as divests itself of such nationality accordingly

Sub-section 2.—A person born on board a foreign ship shall not be deemed to be a British subject by reason only that the ship was in British territorial waters at the time of his birth.

These shops should be opened at 7-30 a.m.

1. As the auction proceeds, each person whose bid is provisionally accepted shall at once make a further deposit of half a month's rent (in addition to the initial deposit of Rs. 50) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so the initial deposit made by him will be forfeited and the shop will be put up again immediately on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other shop. The resale will be at the risk of the defaulter who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale.

2. Successful bidders will be allowed to open their shops only in unobjectionable sites within the limits specified above and at a distance of not less than 100 yards from one another.

3. (a) Every person whose bid is provisionally accepted shall

(i) at once, if, as required by the selling officer or otherwise at the close of the day's sale, deposit in addition to the deposits made under clause 1 half a month's rent for each shop knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for such shop knocked down to him and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form showing details of the immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such further sum as with the deposits already made under sub-clause (i) supra will make up two months' rent of all shops knocked down to him.

(b) Further if the Tahsildar is not satisfied that any such person can be trusted to pay his rent punctually and fully, he may require him, in addition to the deposits required under clause (a) (ii) supra, either

(i) to deposit two months' rent of all shops knocked down to him, or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(iii) to produce a surety or sureties, to be accepted by the Tahsildar, who should execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(iv) if the Tahsildar is not satisfied that the value of his immovable property tendered as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Tahsildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government. The sureties referred

to in sub-clauses (iii) and (iv) should submit to the Tahsildar a statement in the prescribed form annexed to this notification showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (i) to (iv) above, within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall also be bound to execute a counterpart agreement.

4 Temporary licence will not be issued except in special cases and in no case where the issue of the annual licences is delayed through the failure of the licensee to comply with the conditions set forth above and in the annual sale notification published by the Excise Commissioner.

5 As regards the payment of kists and tree tax the following rules will be observed:—

(i) The toddy shop kists and tree-tax should be paid not later than the 10th of each month.

(ii) Interest at the rate of one pie per rupee will be charged after the 10th of the following month.

(iii) Failure to pay the kist or tree tax before the 20th of the month will render the shop liable to be resold at the risk of the defaulter.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 5·09 inches, the average due for the same period being 9·51 inches
